Carriers

## 2022

## A Fee-for-Service Plan (High Option, Consumer Driven Health Plan, Value Option) with a Preferred Provider Organization

This plan's health coverage qualifies as minimum essential coverage and meets the minimum value standard for the benefits it provides. See page 8, *FEHB Facts* for details. This Plan is accredited. See page 13, Section 1. *How this Plan works*.

### IMPORTANT

- Rates: Back Cover
- Changes for 2022: Page 16
- Summary of Benefits: Page 188

**Sponsored and administered by the National Association of Letter Carriers (NALC), AFL-CIO  
Who may enroll in this Plan:**

- A federal or Postal employee or annuitant eligible to enroll in the Federal Employees Health Benefits Program;
  - A former spouse eligible for coverage under the Spouse Equity Law; or
- An employee, former spouse, or child eligible for Temporary Continuation of Coverage (TCC).

**To enroll, you must be or become a member of the National Association of Letter Carriers.**

**To become a member:** If you are a Postal Service employee, you must be a dues-paying member of an NALC local branch. See page 158, *Non-FEHB Benefits Available to Plan Members* for more details. If you are a non-Postal employee, annuitant, survivor annuitant, or a Spouse Equity or TCC enrollee, you become an associate member of NALC when you enroll in the NALC Health Benefit Plan. See page 158, *Non-FEHB Benefits Available to Plan Members* for more details.

**Membership dues:** NALC dues vary by local branch for Postal employees. Associate members will be billed by the NALC for the \$36 annual membership fee, except where exempt by law. Call Membership at 202-662-2856 for inquiries regarding membership, union dues, fees, or information on the NALC union. To enroll, you must be or become a member of the National Association of Letter Carriers.

### Enrollment codes for this Plan

**High Option:** 321-Self Only; 323-Self Plus One; 322-Self and Family

**CDHP:** 324-Self Only; 326-Self Plus One; 325-Self and Family

**Value Option:** KM1-Self Only; KM3-Self Plus One; KM2-Self and Family

Authorized for distribution by the:

United States  
Office of Personnel Management

Healthcare and Insurance  
<http://www.opm.gov/insure>

RI 71-009

**Important Notice from NALC Health Benefit Plan About  
Our Prescription Drug Coverage and Medicare**

The Office of Personnel Management (OPM) has determined that the NALC Health Benefit Plan prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

**Please be advised**

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that is at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1 percent per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

**Medicare's Low Income Benefits**

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call the SSA at 800-772-1213, (TTY: 800-325-0778).

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit [www.medicare.gov](http://www.medicare.gov) for personalized help.
- Call 800-MEDICARE 800-633-4227, TTY 877-486-2048.

## Introduction

---

This brochure describes the benefits of the NALC Health Benefit Plan under contract (CS 1067) between the NALC Health Benefit Plan and the United States Office of Personnel Management (OPM), as authorized by the Federal Employees Health Benefits law. Customer Service may be reached at 888-636-NALC (6252) for High Option or through our website: [www.nalchbp.org](http://www.nalchbp.org). The address and phone number for the NALC Health Benefit Plan High Option administrative office is:

NALC Health Benefit Plan  
20547 Waverly Court  
Ashburn, VA 20149  
703-729-4677 or 888-636-NALC (6252)

The address and phone number for the NALC Consumer Driven Health Plan (CDHP) and Value Option is:

NALC CDHP or Value Option  
P.O. Box 188050  
Chattanooga, TN 37422-8050  
855-511-1893

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One or Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2022, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2022, and changes are summarized on page 16. Rates are shown at the end of this brochure.

---

## Plain Language

---

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee and each covered family member, “we” means the NALC Health Benefit Plan.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

---

## Stop Healthcare Fraud!

---

Fraud increases the cost of healthcare for everyone and increases your Federal Employees Health Benefits Program (FEHB) premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

**Protect Yourself From Fraud** – Here are some things you can do to prevent fraud:

- Do not give your plan identification (ID) number over the phone or to people you do not know, except for your healthcare provider, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using healthcare providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.

- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claim history for accuracy to ensure we have not been billed for services you did not receive.
- Do not ask your physician to make false entries on certificates, bills, or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
  - Call the provider and ask for an explanation. There may be an error.
  - If the provider does not resolve the matter, call us at 703-729-4677 or 888-636-NALC (6252) and explain the situation.
  - If we do not resolve the issue:

**CALL—THE HEALTHCARE FRAUD HOTLINE 877-499-7295 OR go to**

[www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/](http://www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/)

**The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.**

**You can also write to:**

**United States Office of Personnel Management  
Office of the Inspector General Fraud Hotline  
1900 E Street NW Room 6400  
Washington, DC 20415-1100**

- A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment. Do not maintain as a family member on your policy:
  - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
  - Your child age 26 or over (unless they were disabled and incapable of self-support prior to age 26).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone else who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (e.g., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

---

## Discrimination is Against the Law

---

The NALC Health Benefit Plan complies with all applicable Federal civil rights laws, including Title VII of the Civil Rights Act of 1964.

You can also file a civil rights complaint with the Office of Personnel Management by mail at: Office of Personnel Management Healthcare and Insurance Federal Employee Insurance Operations, Attention: Assistant Director FEIO, 1900 E Street NW, Suite 3400 S, Washington, DC 20415-3610.

---

## Preventing Medical Mistakes

---

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own healthcare and that of your family members by learning more about and understanding your risks. Take these simple steps:

### 1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions, and understand answers.

### 2. Keep and bring a list of all the medications you take.

- Bring the actual medications or give your doctor and pharmacist a list of all the medications and their dosage that you take, including non-prescription (over-the-counter) medications and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medication is what the doctor ordered. Ask the pharmacist about your medication if it looks different than you expected.
- Read the label and patient package insert when you get your medication, including all warnings and instructions.
- Know how to use your medication. Especially note the times and conditions when your medication should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understand both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

### 3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

### 4. Talk to your doctor about which hospital or clinic is best for your health needs.

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the healthcare you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

## 5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, “Who will manage my care when I am in the hospital?”
- Ask your surgeon:
  - "Exactly what will you be doing?"
  - "About how long will it take?"
  - "What will happen after surgery?"
  - "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

### **Preventable Healthcare Acquired Conditions ("Never Events")**

When you enter the hospital for treatment of one medical problem, you do not expect to leave with additional injuries, infections, or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a healthcare facility. These conditions and errors are sometimes called “Never Events” or “Serious Reportable Events.”

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error.

You will not be billed for inpatient services related to treatment of specific hospital-acquired conditions or for inpatient services needed to correct Never Events, if you use (Cigna HealthCare Shared Administration OAP Network) preferred providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

---

## FEHB Facts

---

### Coverage information

- **No pre-existing condition limitation** We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
  
- **Minimum essential coverage (MEC)** Coverage under this Plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and ACA's individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at [www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision](http://www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision) for more information on the individual requirement for MEC.
  
- **Minimum value standard** Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
  
- **Where you can get information about enrolling in the FEHB Program** See [www.opm.gov/healthcare-insurance/healthcare/](http://www.opm.gov/healthcare-insurance/healthcare/) for enrollment information as well as:
  - Information on the FEHB Program and plans available to you;
  - A health plan comparison tool;
  - A list of agencies that participate in Employee Express;
  - A link to Employee Express; and
  - Information on and links to other electronic enrollment systems.

Also, your employing or retirement office can answer your questions and give you brochures for other plans and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- What happens when your enrollment ends
- When the next Open Season for enrollment begins

We do not determine who is eligible for coverage and cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

Once enrolled in your FEHB Program Plan, you should contact your carrier directly for updates and questions about your benefit coverage.

- **Types of coverage available for you and your family** Self Only coverage is only for the enrollee. Self Plus One coverage is for the enrollee and one eligible family member. Self and Family coverage is for the enrollee and one or more eligible family members. Family members include your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married. A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

Contact your carrier to obtain a Certificate of Creditable Coverage (COCC) or to add a dependent when there is already family coverage.

Contact your employing or retirement office if you are changing from Self to Self Plus One or Self and Family or to add a newborn if you currently have a Self Only plan.

Your employing or retirement office will not notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

**If you or one of your family members is enrolled in one FEHB plan, you or they cannot be enrolled in or covered as a family member by another enrollee in another FEHB Plan.**

If you have a qualifying life event (QLE) – such as marriage, divorce, or the birth of a child – outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at [www.opm.gov/healthcare-insurance/life-events](http://www.opm.gov/healthcare-insurance/life-events). If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/ payroll office, or retirement office.

- **Family Member Coverage**

Family members covered under your Self and Family enrollment are your spouse (including your spouse by a valid common-law marriage from a state that recognizes common-law marriages) and children as described below. A Self Plus One enrollment covers you and your spouse, or one other eligible family member as described below.

**Natural children, adopted children, and stepchildren**

Coverage: Natural children, adopted children, and stepchildren are covered until their 26th birthday.

**Foster children**

Coverage: Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.

**Children incapable of self-support**

Coverage: Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.

**Married children**

Coverage: Married children (but NOT their spouse or their own children) are covered until their 26th birthday.

### **Children with or eligible for employer-provided health insurance**

Coverage: Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday. Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at [www.opm.gov/insure](http://www.opm.gov/insure).

#### **• Children's Equity Act**

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.

As long as the court/administrative order is in effect and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that does not serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that does not serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

#### **• When benefits and premiums start**

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be processed according to the 2022 benefits of your prior plan or option.** If you have met (or pay cost-sharing that results in your meeting) the out-of-pocket maximum under the prior plan or option, you will not pay cost-sharing for services covered between January 1 and the effective date of coverage under your new plan or option. However, if your prior plan left the FEHB Program at the end of the year, you are covered under that plan's 2021 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from the provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

### **When you lose benefits**

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy).

- **Upon divorce**

If you are divorced from a Federal employee, or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the Spouse Equity Law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's website at [www.opm.gov/healthcare-insurance/healthcare/plan-information/guides](http://www.opm.gov/healthcare-insurance/healthcare/plan-information/guides). A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The ACA did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, or you are a covered dependent child and you turn age 26, regardless of marital status.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

**Enrolling in TCC.** Get the RI 79-27, which describes TCC, and the RI 70-5 from your employing or retirement office or from [www.opm.gov/healthcare-insurance/healthcare/plan-information/guides](http://www.opm.gov/healthcare-insurance/healthcare/plan-information/guides). It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit [www.HealthCare.gov](http://www.HealthCare.gov) to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHB Program coverage.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under Temporary Continuation of Coverage (TCC) or the Spouse Equity Law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the Spouse Equity Law; or
- You are not eligible for coverage under TCC or the Spouse Equity Law.

If you leave Federal or Tribal service, your employing office will notify you of your right to convert. You must contact us in writing within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must contact us in writing within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, a waiting period will not be imposed, and your coverage will not be limited due to pre-existing conditions.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the ACA's Health Insurance Marketplace, please visit [www.HealthCare.gov](http://www.HealthCare.gov). This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

---

## Section 1. How This Plan Works

---

This Plan is a **fee-for-service (FFS) plan**. OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. NALC Health Benefit Plan holds the following accreditation: Accreditation Association for Ambulatory Health Care (AAAHC) and vendors that support the NALC Health Benefit Plan hold accreditations from the National Committee for Quality Assurance and URAC. To learn more about this Plan's accreditations, please visit the following websites: [www.aaahc.org](http://www.aaahc.org), [www.ncqa.org](http://www.ncqa.org), and [www.URAC.org](http://www.URAC.org). You can choose your own physicians, hospitals, and other healthcare providers.

**We reimburse you or your provider for your covered services**, usually based on a percentage of the amount we allow. The type and extent of covered services, and the amount we allow, may be different from other plans. Read brochures carefully.

### **General features of our High Option Plan**

#### **We have a Preferred Provider Organization (PPO):**

Our fee-for-service plan offers services through a PPO. This means that certain hospitals and other healthcare providers are “preferred providers”. When you use our PPO providers, you will receive covered services at reduced cost. Cigna HealthCare is solely responsible for the selection of PPO providers in your area. Call 877-220-NALC (6252) for the names of PPO providers or call us at 703-729-4677 or 888-636-NALC (6252) to request an online print of available PPO providers in your area. You can also find the PPO directory on our website at [www.nalchbp.org](http://www.nalchbp.org). We recommend that you call the PPO provider you select before each visit and verify they continue to participate in the Cigna HealthCare Shared Administration Open Access Plus (OAP) Network. You can also go to our Web page, which you can reach through the FEHB website, [www.opm.gov/insure](http://www.opm.gov/insure).

The non-PPO benefits are the standard benefits of this option. PPO benefits apply only when you use a PPO provider. Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. If no PPO provider is available, or you do not use a PPO provider, the standard non-PPO benefits apply. In emergent and urgent clinical settings, you may visit a facility that is in the PPO network, however, you may receive multiple bills from ancillary providers involved in your care who are not a part of the network, such as radiologists, anesthesiologists, pathologists, and emergency room physicians. We will process charges for radiology, laboratory, electrocardiogram (ECG/EKG), electroencephalogram (EEG), the administration of anesthesia, the emergency room visit, and inpatient or outpatient observation physician visits billed by non-PPO providers at the PPO benefit level, based on Plan allowance, if the services are rendered at a PPO hospital or PPO ambulatory surgical center. We will process charges for a non-PPO assistant surgeon at the PPO benefit level, based on Plan allowance, if services are performed at a PPO hospital or PPO ambulatory surgical center and the primary surgeon is a PPO provider. In addition, we will pay medical emergencies specifically listed in Section 5(d). *Medical emergency* at the PPO benefit level. For members in the Commonwealth of Puerto Rico, all non-PPO physicians, hospitals, and facilities contracted through Zelis will be paid at the PPO benefit level.

#### **How we pay providers**

When you use a PPO provider or facility, our Plan allowance is the negotiated rate for the service. You are not responsible for charges above the negotiated amount.

Non-PPO facilities and providers do not have special agreements with us. Our payment is based on our allowance for covered services. You may be responsible for amounts over the allowance. We also obtain discounts from some non-PPO providers. When we obtain discounts through negotiation with non-PPO providers we share the savings with you.

Some non-PPO providers or facilities may be contracted with our non-directed networks, Multiplan or Zelis (formerly Stratose). Non-PPO benefits will apply to charges received from these providers, but you may get a discount on their services. Please visit our website for more information.

## **General features of our Consumer Driven Health Plan (CDHP) and Value Option**

The Out-of-Network benefits are the standard benefits of this option. In-Network benefits apply only when you use an In-Network provider. Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. If no In-Network provider is available, or you do not use an In-Network provider, the standard Out-of-Network benefits apply. However, we will process charges for the laboratory, the administration of anesthesia and the emergency room visit billed by Out-of-Network providers at the In-Network benefit level, based on the Plan allowance, if the services are rendered at an In-Network hospital or In-Network ambulatory surgical center. We will pay medical emergencies specifically listed in Section 5(d). Medical emergency at the In-Network benefit level. Cigna HealthCare is solely responsible for the selection of In-Network providers in your area. Call 855-511-1893 for the names of In-Network providers.

### **How we pay providers**

When you use an In-Network provider or facility, our Plan allowance is the negotiated rate for the service. You are not responsible for charges above the negotiated amount.

Out-of-Network facilities and providers do not have special agreements with us. Our payment is based on our allowance for covered services. You may be responsible for amounts over the allowance. We also obtain discounts from some Out-of-Network providers. When we obtain discounts through negotiation with Out-of-Network providers we share the savings with you.

**Preventive benefits:** This component provides first dollar coverage for specified preventive care for adults and children if you use an In-network provider.

**Traditional benefits:** After you have exhausted your Personal Care Account (PCA) and satisfied the calendar year deductible, the Plan starts paying benefits under the Traditional Health Coverage as described in Section 5.

**Personal Care Account (PCA):** You will have a Personal Care Account (Health Reimbursement Account) when you enroll in the CDHP or Value Option Health Plan. This component is used to provide first dollar coverage for covered medical services until the account balance is exhausted. The PCA does not earn interest and is not portable if you leave the Federal government or switch to another plan.

### **Catastrophic protection**

We protect you against catastrophic out-of-pocket expenses for covered services. The IRS limits annual out-of-pocket expenses for covered services, including deductibles and copayments, to no more than \$7,000 for Self Only enrollment and \$14,000 for a Self Plus One or Self and Family. The out-of-pocket limit for this Plan may differ from the IRS limit, but cannot exceed that amount.

## **Your rights and responsibilities**

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM's FEHB website ([www.opm.gov/insure](http://www.opm.gov/insure)) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- The NALC Health Benefit Plan has been part of the FEHB Program since July 1960.
- We are a not-for-profit health plan sponsored and administered by the National Association of Letter Carriers (NALC), AFL-CIO.

If you want more information about the NALC Health Benefit Plan High Option, call 703-729-4677 or 888-636-NALC (6252), or write to NALC Health Benefit Plan, 20547 Waverly Court, Ashburn, VA 20149. You may also visit our website at [www.nalchbp.org](http://www.nalchbp.org).

If you want more information about the NALC CDHP or Value Option, call 855-511-1893, or write to NALC CDHP or Value Option, P.O. Box 188050, Chattanooga, TN, 37422-8050. You may also visit our website at [www.nalchbp.org](http://www.nalchbp.org).

By law, you have the right to access your protected health information (PHI). For more information regarding access to PHI, visit our website at [www.nalchbp.org](http://www.nalchbp.org) to obtain our Notice of Privacy Practices. You can also contact us to request that we mail you a copy of that Notice.

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities in this section or by visiting our website at [www.nalchbp.org](http://www.nalchbp.org). You can also contact us to request that we mail you a copy of that Notice.

**Your medical and claims records are confidential**

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

---

## Section 2. Changes for 2022

---

Do not rely only on these change descriptions; this page is not an official statement of benefits. For that, go to Section 5. *Benefits*. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

### **Program-wide changes**

- Effective in 2022, premium rates are the same for Non-Postal and Postal employees.

### **Changes to this Plan**

- We now offer the NALC Health Benefit Plan Mobile App. See pages 88 and 156.
- We now require prior authorization for all non-emergency air ambulance transport. See pages 21 and 22.
- We now require prior authorization for certain procedures related to musculoskeletal disorders. See pages 21 and 22.
- We no longer cover one chest X-ray annually as a preventive screening per USPSTF guidelines.
- We no longer cover one electrocardiogram annually as a preventive screening per USPSTF guidelines.
- We now cover lung cancer screenings for eligible adults beginning at age 50 per USPSTF guidelines. See our website for details.
- We now cover the prostate specific antigen (PSA) screening for eligible adults age 40 to 69 per USPSTF guidelines. See our website for details.
- We now cover cervical cancer screenings once every 3 years or once every 5 years per USPSTF guidelines. See our website for details.
- We no longer cover cervical cancer screenings for individuals over age 65 per USPSTF guidelines. See our website for details.
- We now cover colorectal cancer screening for eligible adults age 45 to 85 per USPSTF guidelines. See our website for details.
- We now cover genetic counseling when related to covered genetic testing. See pages 35 and 107.
- We now cover limited travel associated with gene therapy treatment. See pages 42 and 111.
- We now cover fertility preservation for individuals with iatrogenic infertility. See pages 40 and 109.
- We removed the calendar year dollar maximum limit to diagnose and treat infertility. See pages 40 and 109.
- We now cover medical foods for individuals diagnosed with Inborn Errors of Metabolism. See pages 81 and 149.
- We now offer an online therapy program to address musculoskeletal issues. See pages 88 and 156.
- We now cover in and out-of-network telehealth (virtual) visits. See pages 33 and 106.
- We now cover one pair of diabetic shoes per calendar year. See pages 45, 48, 115, and 117.

### **Changes to our High Option only**

- Your share of the premium rate will increase for Self Only, increase for Self Plus One, or increase for Self and Family. See back cover.
- We now cover up to 21-days of skilled nursing facility care after a qualified hospital stay. See page 68.

### **Changes to our Consumer Driven Health Plan only**

- Your share of the premium rate will stay the same for Self Only, stay the same for Self Plus One, or increase for Self and Family. See back cover.

### **Changes to our Value Option only**

- Your share of the premium rate will stay the same for Self Only, stay the same for Self Plus One, or increase for Self and Family. See back cover.

---

## Section 3. How You Get Care

---

- Identification cards** We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider or fill a prescription at an NALC CareSelect retail pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.
- High Option:**
- If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 703-729-4677 or 888-636-NALC (6252), or write to us at 20547 Waverly Court, Ashburn, VA 20149.
- Consumer Driven Health Plan and Value Option:** If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 703-729-4677 or 888-636-NALC (6252), or write to us at 20547 Waverly Court, Ashburn, VA 20149.
- Where you get covered care** You can get care from any “covered provider” or “covered facility”. How much we pay—and you pay—depends on the type of covered provider or facility you use. If you use our preferred providers, you will pay less.
- **Balance Billing Protection** FEHB Carriers must have clauses in their in-network (participating) providers agreements. These clauses provide that, for a service that is a covered benefit in the plan brochure or for services determined not medically necessary, the in-network provider agrees to hold the covered individual harmless (and may not bill) for the difference between the billed charge and the in network contracted amount. If an in-network provider bills you for covered services over your normal cost share (deductible, copay, co-insurance) contact your Carrier to enforce the terms of its provider contract.
  - **Covered providers** We provide benefits for the services of covered professional providers, as required by Section 2706(a) of the Public Health Service Act. Coverage of practitioners is not determined by your state's designation as a medically underserved area.

Covered professional providers are medical practitioners who perform covered services when acting within the scope of their license or certification under applicable state law and who furnish, bill, or are paid for their healthcare services in the normal course of business. Covered services must be provided in the state in which the practitioner is licensed or certified.

This plan recognizes that transsexual, transgender, and gender-nonconforming members require health care delivered by healthcare providers experienced in transgender health. While gender reassignment surgeons (benefit details found in Section 5(b)) and hormone therapy providers (benefit details found in Section 5(f)) play important roles in preventive care, you should see a primary care provider familiar with your overall health care needs. Benefits described in this brochure are available to all members meeting medical necessity guidelines.
  - **Covered facilities** Covered facilities include:
    - **Birth center:** A freestanding facility that provides comprehensive maternity care in a home-like atmosphere and is licensed or certified by the jurisdiction.
    - **Freestanding ambulatory facility:** An outpatient facility accredited by the Joint Commission, Accreditation Association of Ambulatory Health Care (AAAHC), American Association for the Accreditation of Ambulatory Surgery Facilities (AAAASF), Health Facilities Accreditation Program (HFAP), or that has Medicare certification.

- **Hospice:** A facility that 1) provides care to the terminally ill; 2) is licensed or certified by the jurisdiction in which it operates; 3) is supervised by a staff of physicians (M.D. or D.O.) with at least one such physician on call 24 hours a day; 4) provides 24 hours a day nursing services under the direction of a registered nurse (R.N.) and has a full-time administrator; and 5) provides an ongoing quality assurance program.
- **Hospital:** 1) An institution that is accredited as a hospital under the hospital accreditation program of the Joint Commission; or 2) any other institution licensed as a hospital, operating under the supervision of a staff of physicians with 24 hours a day registered nursing service, and is primarily engaged in providing general inpatient acute care and treatment of sick and injured persons through medical, diagnostic, and major surgical facilities. All these services must be provided on its premises or under its control.

The term “hospital” does not include a convalescent home or extended care facility, or any institution or part thereof which a) is used principally as a convalescent facility, nursing home, or facility for the aged; b) furnishes primarily domiciliary or custodial care, including training in the routines of daily living; or c) is operated as a school or residential treatment facility (except as listed in Section 5(e). *Mental Health and Substance Use Disorder—In-Network Benefits*).

- **Residential Treatment Center:** Residential treatment centers (RTCs) are accredited by a nationally recognized organization and licensed by the state, district, or territory to provide residential treatment for medical conditions, mental health conditions, and/or substance use. Accredited healthcare facilities (excluding hospitals, skilled nursing facilities, group homes, halfway houses, schools, and similar types of facilities) provide 24-hour residential evaluation, treatment and comprehensive specialized services relating to the individual’s medical, physical, mental health, and/or substance use therapy needs. RTCs offer programs for persons who need short-term transitional services designed to achieve predicted outcomes focused on fostering improvement or stability in functional, physical and/or mental health, recognizing the individuality, strengths, and needs of the persons served. Benefits are available for services performed and billed by RTCs, as described in Section 5(e). *Mental Health and Substance Use Disorder Benefits*. If you have questions about treatment at an RTC, please contact Optum at 877-468-1016 (High Option) or 855-511-1893 for the CDHP/ Value Option.
- **Skilled nursing facility (SNF):** A facility eligible for Medicare payment, or a government facility not covered by Medicare, that provides continuous non-custodial inpatient skilled nursing care by a medical staff for post-hospital patients.
- **Treatment facility:** A freestanding facility accredited by the Joint Commission for treatment of substance use disorder.

**What you must do to get covered care**

It depends on the kind of care you want to receive. You can go to any provider you want, but we must approve some care in advance.

- **Transitional care**

**Specialty care:** If you have a chronic or disabling condition and

- lose access to your specialist because we drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan, or
- lose access to your PPO specialist because we terminate our contract with your specialist for reasons other than for cause,

you may be able to continue seeing your specialist and receiving any PPO benefits for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist, and your PPO benefits continue until the end of your postpartum care, even if it is beyond the 90 days.

- **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our Customer Service Department immediately at 703-729-4677 or 888-636-NALC (6252) for High Option. For Consumer Driven Health Plan or Value Option call 855-511-1893. If you are new to the FEHB Program, we will reimburse you for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92<sup>nd</sup> day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

**You need prior Plan approval for certain services**

The pre-service claim approval processes for inpatient hospital admissions (called precertification) and for other services, are detailed in this Section. A **pre-service claim** is any claim, in whole or in part, that requires approval from us in advance of obtaining medical care or services. In other words, a pre-service claim for benefits (1) requires precertification, preauthorization, or prior approval and (2) will result in a reduction of benefits if you do not obtain precertification, preauthorization, or prior approval.

- **Inpatient hospital admission**

**Precertification** is the process by which—prior to your inpatient hospital admission—we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition. Unless we are misled by the information given to us, we won't change our decision on medical necessity.

In most cases, your physician or hospital will take care of requesting precertification. Because you are still responsible for ensuring that your care is precertified, you should always ask your physician or hospital whether or not they have contacted us.

Note: To determine if your inpatient surgical procedure requires prior authorization, see *Other services* in this section.

- **Warning**

We will reduce our benefits for the inpatient hospital stay by \$500 if no one contacts us for precertification. If the stay is not medically necessary, we will only pay for any covered medical services and supplies that are otherwise payable on an outpatient basis.

- **How to precertify an admission**

- **High Option:** You, your representative, your physician, or your hospital must call us at 877-220-NALC (6252) prior to admission, unless your admission is related to a mental health and substance use disorder. In that case, call 877-468-1016.
- **Consumer Driven Health Plan and Value Option:** You, your representative, your physician, or your hospital must call us at 855-511-1893 prior to admission.

- If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.
- Provide the following information:
  - Enrollee’s name and Member identification number;
  - Patient’s name, birth date, and phone number;
  - Reason for hospitalization, and proposed treatment, or surgery;
  - Name and phone number of admitting physician;
  - Name of hospital or facility; and
  - Number of days requested for hospital stay.
  - We will then tell the physician and/or hospital the number of approved inpatient days and send written confirmation of our decision to you, your physician, and the hospital.

**The Federal Flexible Spending Account Program – FSAFEDS**

- **Healthcare FSA (HCFSA)** – Reimburses you for eligible out-of-pocket healthcare expenses (such as copayments, deductibles, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).
- FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

• **Emergency inpatient admission**

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital. If you do not telephone the Plan within two business days, penalties may apply - see *Warning under Inpatient hospital admissions* earlier in this Section and *If your hospital stay needs to be extended* below.

• **Maternity Care**

You do not need to precertify a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, your physician or the hospital must contact us within two business days for precertification of additional days for your baby.

Note: When a newborn requires definitive treatment during or after the mother’s confinement, the newborn is considered a patient in their own right. If the newborn is eligible for coverage, regular medical or surgical benefits apply rather than maternity benefits.

• **If your hospital stay needs to be extended**

If your hospital stay—including for maternity care—needs to be extended, you, your representative, your physician, or the hospital must ask us to approve the additional days.

• **What happens when you do not follow the precertification rules**

- If no one contacts us, we will decide whether the hospital stay was medically necessary.
- If we determine that the stay was medically necessary, we will pay the inpatient charges, less the \$500 penalty.

- If we determine that it was not medically necessary for you to be an inpatient, we will not pay inpatient hospital benefits. We will pay only for covered medical supplies and services that are otherwise payable on an outpatient basis.

If we denied the precertification request, we will not pay inpatient hospital benefits. We will only pay for any covered medical supplies and services that are otherwise payable on an outpatient basis.

When we precertified the admission, but you remained in the hospital beyond the number of days we approved, and you did not get the additional days precertified, then:

- For the part of the admission that was medically necessary, we will pay inpatient benefits, but
- For the part of the admission that was not medically necessary, we will pay only medical services and supplies otherwise payable on an outpatient basis and will not pay inpatient benefits.

- **Exceptions**

You do not need precertification in these cases:

- You are admitted to a hospital outside the United States with the exception of surgeries which require prior approval in this section.
- You have another group health insurance policy that is the primary payor for the hospital stay with the exception of surgeries which require prior approval in this section.
- Medicare Part A is the primary payor for the hospital stay. Note: If you exhaust your Medicare hospital benefits and do not want to use your Medicare lifetime reserve days, then we will become the primary payor and you do need precertification, including surgeries which require prior approval in this section.

- **Precertification of radiology/imaging services**

The following outpatient radiology/imaging services need to be precertified:

- CT/CAT – Computerized Axial Tomography;
- MRI – Magnetic Resonance Imaging;
- MRA – Magnetic Resonance Angiography;
- NC – Nuclear Cardiac Imaging Studies; and
- PET – Positron Emission Tomography.

- **How to precertify radiology/imaging services**

For outpatient CT/CAT, MRI, MRA, NC, or PET scans, your provider, or facility must call 877-220-NALC (6252) for High Option or 855-511-1893 for Consumer Driven Health Plan/Value Option before scheduling the procedure.

- **Exceptions**

You do not need precertification in these cases:

- You have another health insurance that is the primary payor including Medicare Part A
- The procedure is performed outside the United States;
- You are admitted to a hospital; or
- The procedure is performed as an emergency.

- **Warning**

We may deny benefits if you fail to precertify these radiology procedures.

**Precertification, prior authorization, or prior approval for other services**

- **Other services**

**High Option:** Other non-routine services require precertification, preauthorization, or prior approval.

- All specialty drugs, including biotech, biological, biopharmaceutical, and oral chemotherapy drugs. Call CVS Specialty™ at 800-237-2767 for prior approval. See Section 5(a). *Treatment therapies* and Section 5(f). *Prescription Drug Benefits*.
- Anti-narcolepsy, ADD/ADHD, certain analgesics, certain opioids, 510K dermatological products and artificial saliva require prior authorization. Call CVS Caremark® at 800-294-5979 to obtain a list of medications or to obtain prior authorization. See Section 5(f). *Prescription Drug Benefits*.
- All compound drugs. Call CVS Caremark® at 800-933-NALC (6252) for prior approval. See Section 5(f). *Prescription Drug Benefits*.
- Spinal surgeries performed in an inpatient or outpatient setting. Call Cigna at 877-220-NALC (6252) to obtain prior approval. See Section 5(b). *Surgical procedures*.
- Organ/tissue transplants and donor expenses. Call Cigna at 800-668-9682 for prior approval. See Section 5(b). *Organ/tissue transplants*.
- Mental health and substance use disorder care. Call OptumHealth Behavioral Solutions at 877-468-1016 for prior approval. See Section 5(e). *Mental Health and Substance Use Disorder Benefits*.
- Applied Behavioral Analysis (ABA) therapy. Call Optum at 877-468-1016 for prior approval. See Section 5(a). *Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals*.
- Durable medical equipment (DME). Call us at 888-636-NALC (6252) for prior approval. See Section 5(a). *Durable medical equipment*.
- All inpatient surgeries related to bariatric procedures, experimental and investigational procedures, or cosmetic procedures will be reviewed for medical necessity at the time of the inpatient hospital precertification review.
- Genetic testing. Call 833-801-9264 for prior approval. See Section 5(a). *Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals*.
- Gender reassignment surgery. Call Cigna at 877-220-NALC (6252) for prior approval. See Section 5(b). *Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals*.
- Gene therapy. Call 703-729-4677 for preauthorization. See Section 5(a). *Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals*.
- Air Ambulance Transport (non-emergency). Air ambulance transport not related to a medical emergency or accidental injury requires prior approval. Call NALC to obtain prior approval at 888-636-6252. See Section 5(c). *Services Provided by a Hospital or Other Facility, and Ambulance Services*
- Inpatient skilled nursing facility care. Call 877-220-NALC (6252). See Section 5(c). *Services Provided by a Hospital or Other Facility, and Ambulance Services*.
- Certain musculoskeletal procedures, such as orthopedic surgeries and injections. Call Cigna at 877-220-NALC (6252).
- Residential Treatment Center. Call OptumHealth Behavioral Solutions at 877-468-1016 for precertification. Failure to precertify a Residential Treatment Center admission will result in a denial of charges and a \$500 reduction in benefits if later approved upon review. See Section 5(e). *Mental Health and Substance Use Disorder Benefits*.

**Consumer Driven Health Plan and Value Option:** These non-routine services require precertification, preauthorization, prior approval, or pre-notification:

- All specialty drugs, including biotech, biological, biopharmaceutical, and oral chemotherapy drugs. Call CVS Specialty™ at 800-237-2767. See Section 5 (a). *Treatment therapies* and Section 5(f). *Prescription Drug Benefits*.

- Anti-narcolepsy, ADD/ADHD, certain analgesics, certain opioids, 510K dermatological products and artificial saliva require prior authorization. Call CVS Caremark® at 800-294-5979 to obtain a list of medications or to obtain prior authorization. See Section 5(f). *Prescription Drug Benefits*.
- All compound drugs. Call CVS Caremark® at 800-933-NALC (6252) for prior approval. See Section 5(f). *Prescription Drug Benefits*.
- Spinal surgeries performed in an inpatient or outpatient setting. See Section 5 (b). *Surgical procedures*. Call Cigna at 855-511-1893 or write to P.O. Box 188050, Chattanooga, TN 37422-8050.
- Organ/tissue transplants and donor expenses. See Section 5(b). *Organ/tissue transplants*. Call Cigna at 855-511-1893 or write to P.O. Box 188050, Chattanooga, TN 37422-8050.
- Mental health and substance use disorder care. Call Cigna Behavioral Health at 855-511-1893 for prior approval. See Section 5(e). *Mental Health and Substance Use Disorder Benefits*.
- Applied Behavioral Analysis (ABA) therapy. See Section 5(a). *Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals*. Call Cigna at 855-511-1893 for prior approval, or write to P.O. Box 188050, Chattanooga, TN 37422-8050.
- Durable medical equipment (DME). See Section 5(a). *Durable medical equipment*. Call Cigna at 855-511-1893 or write to P.O. Box 188050, Chattanooga, TN 37422-8050.
- All inpatient surgeries related to bariatric procedures, experimental and investigational procedures, or cosmetic procedures will be reviewed for medical necessity at the time of the inpatient hospital precertification review.
- Genetic testing. Call 855-511-1893 for prior approval. See Section 5(a). *Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals*.
- Gender reassignment surgery. Call Cigna at 855-511-1893 for prior approval. See Section 5(b). *Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals*.
- Gene therapy. Call 855-511-1893 for preauthorization. See Section 5(a). *Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals*.
- Air Ambulance Transport (non-emergency). Air ambulance transport not related to a medical emergency or accidental injury requires prior approval. Call Cigna to obtain prior approval at 855-511-1893. See Section 5(c). *Services Provided by a Hospital or Other Facility, and Ambulance Services*
- Certain musculoskeletal procedures, such as orthopedic surgeries and injections. Call Cigna at 855-511-1893.
- Residential Treatment Center. Call Cigna at 855-511-1893 for precertification. Failure to precertify a Residential Treatment Center admission will result in a denial of charges and a \$500 reduction in benefits if later approved upon review. See Section 5(e). *Mental Health and Substance Use Disorder Benefits*.

- **Exceptions**

You do not need precertification, preauthorization, or prior approval if you have another group health insurance policy—including Medicare—that is your primary payor.

- **Non-urgent care claims**

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim.

If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information

- **Urgent care claims**

If you have an **urgent care claim** (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether or not it is an urgent care claim by applying the judgment of a prudent layperson that possesses an average knowledge of health and medication.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

**High Option:** You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 888-636-NALC (6252). You may also call OPM's FEHB 2 at 202-606-3818 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 703-729-4677 or 888-636-NALC (6252). If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

**Consumer Driven Health Plan and Value Option:** You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let them know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal the initial decision, or by calling us at 888-636-NALC (6252). You may also call OPM's FEHB 2 at 202-606-3818 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, then call us at 888-636-NALC (6252). If it is determined that your claim is an urgent care claim, we will expedite the review (if they have not yet responded to your claim).

- **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

**If you disagree with our pre-service claim decision**

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim**

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to

1. Precertify your hospital stay or, if applicable, arrange for the healthcare provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your pre-service claim, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

---

## Section 4. Your Costs for Covered Services

---

This is what you will pay out-of-pocket for covered care:

**Cost-sharing** Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

**Copayments** A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services. Copayments are not the same for all services. See Section 5. *Benefits*.

High Option example: When you see your PPO physician, you pay a \$20 copayment per office visit, and when you are admitted to a non-PPO hospital, you pay \$450 per admission.

Note: If the billed amount (or the Plan allowance that a PPO provider agrees to accept as payment in full) is less than your copayment, you pay the lower amount.

**Deductible** A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for them. The family deductible is satisfied when the combined covered expenses applied to the calendar year deductible for family members total the amounts shown. Copayments and coinsurance amounts do not count toward any deductible. When a covered service or supply is subject to a deductible, only the Plan allowance for the service or supply counts toward the deductible.

**High Option:**

The calendar year deductible is \$300 per person and \$600 per family. Under a Self Only enrollment, the deductible is considered satisfied and benefits are payable for you when your covered expenses applied to the calendar year deductible for your enrollment reach \$300. Under a Self Plus One enrollment, the deductible is considered satisfied and benefits are payable for you and one other eligible family member when the combined covered expenses applied to the calendar year deductible for your enrollment reach \$600. Under a Self and Family enrollment, the deductible is considered satisfied and benefits are payable for all family members when the combined covered expenses applied to the calendar year deductible for family members reach \$600.

If the billed amount (or the Plan allowance that a PPO provider agrees to accept as payment in full) is less than your copayment, or less than the remaining portion of your deductible, you pay the lower amount.

Note: If you change plans during Open Season and the effective date of your new plan is after January 1 of the next year, you do not have to start a new deductible under your prior plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

**Consumer Driven Health Plan and Value Option:**

Your deductible is your bridge between your Personal Care Account (PCA) and your Traditional Health Coverage. After you have exhausted your PCA, you must pay your deductible before your Traditional Health Coverage begins.

The calendar year deductible is \$2,000 per person and \$4,000 per family for In-Network providers. The calendar year deductible is \$4,000 per person and \$8,000 per family for Out-of-Network providers. Under a Self Only enrollment, the deductible is considered satisfied and benefits are payable for you when your covered In-Network expenses applied to the calendar year deductible for your enrollment reach \$2,000 (\$4,000 for covered Out-of-Network expenses). Under a Self Plus One enrollment, the deductible is considered satisfied and benefits are payable for you and one other eligible family member when the combined covered In-Network expenses applied to the calendar year deductible for your enrollment reach \$4,000 (\$8,000 for covered Out-of-Network expenses). Under a Self and Family enrollment, the deductible is considered satisfied and benefits are payable for all family members when the combined covered In-Network expenses applied to the calendar year deductible for family members reach \$4,000 (\$8,000 for covered Out-of-Network expenses).

Note: Your deductible in subsequent years may be reduced by rolling over any unused portion of your Personal Care Account remaining at the end of the calendar year(s).

There is no separate deductible for mental health and substance use disorder benefits under the CDHP or Value Option.

### **Coinsurance**

**High Option:** Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance does not begin until you have met your calendar year deductible.

Example: When you see a non-PPO physician, your coinsurance is 30% of our allowance for office visits.

**Consumer Driven Health Plan and Value Option:** Coinsurance is the percentage of our allowance that you must pay for your care after you have exhausted your Personal Care Account (PCA) and met your calendar year deductible.

Example: When you see an Out-of-Network physician for an office visit, your coinsurance is 50% of our Plan allowance and the difference, if any, between our allowance and the billed amount.

### **If your provider routinely waives your cost**

If your provider routinely waives (does not require you to pay) your copayments, deductibles, or coinsurance, the provider is misstating the fee and may be violating the law. In this case, when we calculate our share, we will reduce the provider's fee by the amount waived.

For example, if your physician ordinarily charges \$100 for a service but routinely waives your 30% coinsurance, the actual charge is \$70. We will pay \$49.00 (70% of the actual charge of \$70).

### **Waivers**

In some instances, a provider may ask you to sign a "waiver" prior to receiving care. This waiver may state that you accept responsibility for the total charge for any care that is not covered by your health plan. If you sign such a waiver, whether or not you are responsible for the total charge depends on the contracts that Cigna HealthCare and OptumHealth Behavioral Solutions have with its providers. If you are asked to sign this type of waiver, please be aware that, if benefits are denied for the services, you could be legally liable for the related expenses. If you would like more information about waivers, please contact us at 888-636-NALC (6252).

### **Differences between our allowance and the bill**

**High Option:** Our "Plan allowance" is the amount we use to calculate our payment for covered services. Fee-for-service plans arrive at their allowances in different ways, so their allowances vary. For more information about how we determine our Plan allowance, see the definition of Plan allowance in Section 10.

Often, the provider's bill is more than a fee-for-service plan's allowance. Whether or not you have to pay the difference between our allowance and the bill will depend on the provider you use.

- **PPO providers** agree to limit what they will bill you. Because of that, when you use a preferred provider, your share of covered charges consists only of your copayment, deductible, and coinsurance. Here is an example about coinsurance: You see a PPO physician who charges \$150, but our allowance is \$100. If you have met your deductible, you are only responsible for your coinsurance. That is, you pay just 15% of our \$100 allowance (\$15). Because of the agreement, your PPO physician will not bill you for the \$50 difference between our allowance and the bill.
- **Non-PPO providers**, on the other hand, have no agreement to limit what they will bill you. When you use a non-PPO provider, you will pay your copayment, deductible, and coinsurance, **plus** any difference between our allowance and charges on the bill. Here is an example: You see a non-PPO physician who charges \$150 and our allowance is again \$100. Because you've met your deductible, you are responsible for your coinsurance, so you pay 30% of our \$100 allowance (\$30). Plus, because there is no agreement between the non-PPO physician and us, the physician can bill you for the \$50 difference between our allowance and the bill.

The following table illustrates the examples of how much you have to pay out-of-pocket for services from a PPO physician vs. a non-PPO physician. The table uses our example of a service for which the physician charges \$150 and our allowance is \$100. The table shows the amount you pay if you have met your calendar year deductible.

**EXAMPLE**

**PPO physician**

Physician's charge: \$150

Our allowance: We set it at: \$100

We pay: Allowance less copay: 85% of our allowance: \$85

You owe: Coinsurance: copayment: 15% of our allowance: \$15

+Difference up to charge?: No: \$0

**TOTAL YOU PAY: \$15**

**Non-PPO physician**

Physician's charge: \$150

Our allowance: We set it at: \$100

We pay: Allowance less copay: 70% of our allowance: \$70

You owe: Coinsurance: copayment: 30% of our allowance: \$30

+Difference up to charge?: Yes: \$50

**TOTAL YOU PAY: \$80**

**Consumer Driven Health Plan and Value Option:** In-Network providers agree to accept our Plan allowance. If you use an In-Network provider, you never have to worry about paying the difference between the Plan allowance and the billed amount for covered services. If you have exhausted your Personal Care Account (PCA), you will be responsible for paying your deductible and also the coinsurance under the Traditional Health Coverage.

Out-of-Network providers – if you use an Out-of-network provider, you will have to pay the difference between the Plan allowance and the billed amount. You may use your Personal Care Account for this amount.

Note: In-Network providers reduce your out-of-pocket amount.

You should also see section Important Notice About Surprise Billing – Know Your Rights below that describes your protections against surprise billing under the No Surprises Act.

**Your catastrophic protection out-of-pocket maximum for deductible, coinsurance and copayments**

**High Option:** For those services subject to a deductible, coinsurance and copayment (including mental health and substance use disorder care), we pay 100% of the Plan allowance for the remainder of the calendar year after your cost-share totals:

- \$3,500 per person and \$5,000 per family for services of PPO providers/facilities.
- \$7,000 per person or family for services of PPO and non-PPO providers/facilities, combined.
- Coinsurance amounts for prescription drugs dispensed by an NALC CareSelect Network pharmacy and mail order copayment amounts (see Section 5(f). *Prescription Drug Benefits*) count toward a \$3,100 per person or \$4,000 family annual prescription out-of-pocket maximum excluding the following amounts:
  - The 50% coinsurance for prescriptions purchased at a non-network pharmacy or for additional fills at an NALC CareSelect pharmacy.
  - Any associated costs when you purchase medications in excess of the Plan's dispensing limitations.
  - The difference in cost between a brand name and a generic drug when you elect to purchase the brand name, and a generic drug is available, and your physician has not specified "Dispense as Written".

Note: The following cannot be counted toward out-of-pocket expenses:

- Expenses in excess of the Plan allowance or maximum benefit limitations
- Amounts you pay for non-compliance with this Plan's cost containment requirements

You are responsible for these amounts even after the catastrophic protection out-of-pocket maximum has been met.

Note: If you are not responsible for the balance after our payment for charges incurred at a government facility (such as a facility of the Department of Veterans Affairs), the balance cannot be counted toward out-of-pocket expenses.

**Consumer Driven Health Plan and Value Option:**

If you have exceeded your Personal Care Account and satisfied your deductible, the following should apply:

When you use In-Network providers, network retail pharmacies, or our mail order pharmacy, your out-of-pocket maximum is \$6,600 per person or \$13,200 per family. When you use Out-of-Network providers, your out-of-pocket maximum is \$12,000 per person and \$24,000 per family.

Under a Self Only enrollment, the out-of-pocket maximum is considered satisfied when your covered In-Network (including preferred network retail and mail order pharmacy) deductible, copayments and coinsurances applied to the out-of-pocket maximum for your enrollment reach \$6,600 (\$12,000 for covered Out-of-Network expenses). Under a Self Plus One enrollment, the out-of-pocket maximum is considered satisfied when your covered In-Network (including preferred network retail and mail order pharmacy) copayments and coinsurances applied to the out-of-pocket maximum for your enrollment reach \$13,200 (\$24,000 for covered Out-of-Network expenses). Under a Self and Family enrollment, the out-of-pocket maximum is considered satisfied when your covered In-Network (including preferred network retail and mail order pharmacy) copayments and coinsurances applied to the out-of-pocket maximum for your enrollment reach \$13,200 (\$24,000 for covered Out-of-Network expenses).

The following cannot be counted toward out-of-pocket expenses:

- Any amount in excess of our Plan allowance or maximum benefit limitations or expenses not covered under the Traditional Health Coverage

- Any amounts you pay because benefits have been reduced for non-compliance with this Plan's cost containment requirements (see pages 19 - 21, Section 3. *How you get care*)
- The 50% coinsurance for prescriptions purchased at a non-network pharmacy or for additional fills at an NALC CareSelect pharmacy
- The difference in cost between a brand name and a generic drug when you elect to purchase the brand name, and a generic drug is available, and your physician has not specified "Dispense as Written"
- Any associated costs when you purchase medications in excess of the Plan's dispensing limitations

**Carryover**

If you changed to this Plan during Open Season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your prior plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your prior plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your prior plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your prior plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

**If we overpay you**

We will make diligent efforts to recover benefit payments we made in error but in good faith. We may reduce subsequent benefit payments to offset overpayments.

**When Government facilities bill us**

Facilities of the Department of Veterans Affairs, the Department of Defense, and the Indian Health Service are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

**Important Notice About Surprise Billing – Know Your Rights**

The No Surprises Act (NSA) is a federal law that provides you with protections against “surprise billing” and “balance billing” under certain circumstances. A surprise bill is an unexpected bill you receive from a nonparticipating healthcare provider, facility, or air ambulance service for healthcare. Surprise bills can happen when you receive emergency care – when you have little or no say in the facility or provider from whom you receive care. They can also happen when you receive non-emergency services at participating facilities, but you receive some care from nonparticipating providers.

Balance billing happens when you receive a bill from the nonparticipating provider, facility, or air ambulance service for the difference between the nonparticipating provider's charge and the amount payable by your health plan.

Your health plan must comply with the NSA protections that hold you harmless from unexpected bills.

For specific information on surprise billing, the rights and protections you have, and your responsibilities go to [www.nalchbp.org](http://www.nalchbp.org) or contact the health plan at 888-636-NALC (6252).

**Section 5. High Option Benefits**

(See page 16, Section 2. *Changes for 2022* for how our benefits changed this year and page 188, *Summary of Benefits for the NALC Health Benefit Plan High Option - 2022* for a benefits summary.)

Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals .....33

- Diagnostic and treatment services.....33
- Lab, X-ray and other diagnostic tests.....34
- Preventive care, adult.....35
- Preventive care, children.....37
- Maternity care .....38

**Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals**

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is \$300 per person (\$600 per Self Plus One enrollment or \$600 per Self and Family enrollment). The calendar year deductible applies to almost all benefits in this Section. We say “(No deductible)” to show when the calendar year deductible does not apply.
- The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- Please keep in mind that when you use a PPO hospital or a PPO physician, some of the professionals that provide related services may **not** all be preferred providers. If they are not, they will be paid as non-PPO providers. However, we will process charges for radiology, laboratory, electrocardiogram (ECG/EKG), electroencephalogram (EEG), the administration of anesthesia, the emergency room visit, and inpatient or outpatient observation physician visits billed by non-PPO providers at the PPO benefit level, based on Plan allowance, if the services are rendered at a PPO hospital or PPO ambulatory surgical center. We will process charges for a non-PPO assistant surgeon at the PPO benefit level, based on Plan allowance, if services are performed at a PPO hospital or PPO ambulatory surgical center and the primary surgeon is a PPO provider.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- **YOU MUST GET PRECERTIFICATION FOR CERTAIN OUTPATIENT RADIOLOGY/IMAGING PROCEDURES. FAILURE TO DO SO MAY RESULT IN A DENIAL OF BENEFITS.** Please refer to precertification information in Section 3 to be sure which procedures require precertification.
- **YOU MUST GET PRIOR AUTHORIZATION FOR APPLIED BEHAVIORAL ANALYSIS (ABA) THERAPY. FAILURE TO DO SO WILL RESULT IN A DENIAL OF BENEFITS.** Please refer to prior authorization information in Section 3.
- **YOU MUST GET PRIOR APPROVAL FOR GENETIC TESTING. FAILURE TO DO SO WILL RESULT IN A DENIAL OF BENEFITS.** Please refer to prior authorization information in Section 3.

Benefit Description	You pay After calendar year deductible. . .
<p><b>Note: The calendar year deductible applies to almost all benefits in this Section. We say “(No deductible)” when it does not apply.</b></p>	
Diagnostic and treatment services	High Option

## Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In this Section, unlike Sections 5(a) and (d), the calendar year deductible applies to only a few benefits. In that case, we say “(calendar year deductible applies).” The calendar year deductible is \$300 per person (\$600 per Self Plus One enrollment or \$600 per Self and Family enrollment).
- The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- Please keep in mind that when you use a PPO hospital or a PPO physician, some of the professionals that provide related services may **not** all be preferred providers. If they are not, they will be paid as non-PPO providers. However, we will process charges for radiology, laboratory, electrocardiogram (ECG/EKG), electroencephalogram (EEG), the administration of anesthesia, the emergency room visit, and inpatient or outpatient observation physician visits billed by non-PPO providers at the PPO benefit level, based on Plan allowance, if the services are rendered at a PPO hospital or PPO ambulatory surgical center. We will process charges for a non-PPO assistant surgeon at the PPO benefit level, based on Plan allowance, if services are performed at a PPO hospital or PPO ambulatory surgical center and the primary surgeon is a PPO provider.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- The services listed below are for the charges billed by a physician or other healthcare professional for your surgical care. See Section 5(c). *Services Provided by a Hospital or Other Facility, and Ambulance Services*, for charges associated with a facility (i.e., hospital, surgical center, etc.).
- **YOU MUST GET PRIOR APPROVAL FOR ORGAN/TISSUE TRANSPLANTS.** See Section 5(b). *Organ/tissue transplants.*
- **YOU MUST GET PRIOR APPROVAL FOR SPINAL SURGERIES PERFORMED IN AN INPATIENT OR OUTPATIENT SETTING.** Call 877-220-6252 to obtain prior approval.
- **YOU MUST GET PRIOR APPROVAL FOR GENDER REASSIGNMENT SURGERY. FAILURE TO DO SO WILL RESULT IN A DENIAL OF BENEFITS.** See Section 3. *How You Get Care.*
- **YOU MUST GET PRIOR AUTHORIZATION FOR CERTAIN MUSCULOSKELETAL PROCEDURES.** FAILURE TO DO SO MAY RESULT IN A DENIAL OF BENEFITS. Please refer to prior authorization information in Section 3.
- **Not all surgical procedures require prior approval.** You may contact the Plan at 888-636-NALC (6252) to determine coverage for the surgical procedure prior to the service being rendered.

Benefit Description	You pay
<b>Note: The calendar year deductible applies ONLY when we say, “(calendar year deductible applies).”</b>	
<b>Surgical procedures</b>	<b>High Option</b>
<p>A comprehensive range of services, such as:</p> <ul style="list-style-type: none"> <li>• Operative procedures</li> <li>• Treatment of fractures, including casting</li> <li>• Normal pre- and post-operative care</li> <li>• Correction of amblyopia and strabismus</li> <li>• Endoscopy procedures</li> <li>• Biopsy procedures</li> <li>• Removal of tumors and cysts</li> <li>• Correction of congenital anomalies</li> <li>• Insertion of internal prosthetic devices. See Section 5(a). <i>Orthopedic and prosthetic devices</i>, for device coverage information.</li> <li>• Debridement of burns</li> <li>• Surgical treatment of morbid obesity (bariatric surgery) is covered when:               <ol style="list-style-type: none"> <li>1. Dental Benefits and Oral and maxillofacial surgery in this section</i></li> </ul>	<p><i>All charges</i></p>

Benefit Description	You pay
<b>Organ/tissue transplants</b>	<b>High Option</b>
<p>Cigna <b>LifeSOURCE</b> Transplant Network®—The Plan participates in the Cigna <b>LifeSOURCE</b> Transplant Network®. Before your initial evaluation as a potential candidate for a transplant procedure, you or your physician must contact Cigna HealthCare at 800-668-9682 and speak to a referral specialist in the Comprehensive Transplant Case Management Unit. You will be given information about this program including a list of participating providers. Charges for services performed by a Cigna <b>LifeSOURCE</b> Transplant Network® provider, whether incurred by the recipient or donor are paid at 85% including inpatient hospital, surgical and any other medical expenses. Participants in the program must obtain prior approval from the Plan to receive limited travel and lodging benefits.</p>	<p>15% of the Plan allowance for services obtained through the Cigna <b>LifeSOURCE</b> Transplant Network®</p>
<p>Limited Benefits—If you do not obtain prior approval or do not use a designated facility, or if we are not the primary payor, we pay a maximum of \$100,000 for each listed transplant (kidney limit, \$50,000), for these combined expenses: pre-transplant evaluation; organ procurement; and inpatient hospital, surgical and medical expenses. We pay benefits according to the appropriate benefit section, such as Section 5(c). <i>Inpatient hospital</i>, and <i>Surgical procedures</i> in this section. The limitation applies to expenses incurred by either the recipient or donor.</p> <p>Note: Some transplants listed may not be covered through the Cigna <b>LifeSOURCE</b> Transplant Network®.</p> <p>Note: We cover related medical and hospital expenses of the donor only when we cover the recipient.</p>	<p>PPO: 15% of the Plan allowance</p> <p>Non-PPO: 30% of the Plan allowance and the difference, if any, between our allowance and the billed amount (calendar year deductible applies)</p>
<p>These <b>solid organ transplants</b> are subject to medical necessity and experimental/investigational review by the Plan. See <i>Other services</i> in Section 3 for prior authorization procedures. Solid organ transplants are limited to:</p> <ul style="list-style-type: none"> <li>• Autologous pancreas islet cell transplant (as an adjunct to total or near total pancreatectomy) only for patients with chronic pancreatitis</li> <li>• Cornea</li> <li>• Heart</li> <li>• Heart/lung</li> <li>• Intestinal transplants <ul style="list-style-type: none"> <li>- Isolated small intestine</li> <li>- Small intestine with the liver</li> <li>- Small intestine with multiple organs, such as the liver, stomach, and pancreas</li> </ul> </li> <li>• Kidney</li> <li>• Kidney/pancreas</li> <li>• Liver</li> </ul>	<p>15% of the Plan allowance for services obtained through the Cigna <b>LifeSOURCE</b> Transplant Network®</p> <p>PPO: 15% of the Plan allowance</p> <p>Non-PPO: 30% of the Plan allowance and the difference, if any, between our allowance and the billed amount (calendar year deductible applies)</p>

## Section 5(c). Services Provided by a Hospital or Other Facility, and Ambulance Services

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In this Section, unlike Sections 5(a) and (b), the calendar year deductible applies to only a few benefits. In that case, we say “(calendar year deductible applies).” The calendar year deductible is \$300 per person (\$600 per Self Plus One enrollment or \$600 per Self and Family enrollment).
- The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- Please keep in mind that when you use a PPO hospital or a PPO physician, some of the professionals that provide related services may **not** all be preferred providers. If they are not, they will be paid as non-PPO providers. However, we will process charges for radiology, laboratory, electrocardiogram (ECG/EKG), electroencephalogram (EEG), the administration of anesthesia, the emergency room visit, and inpatient or outpatient observation physician visits billed by non-PPO providers at the PPO benefit level, based on Plan allowance, if the services are rendered at a PPO hospital or PPO ambulatory surgical center. We will process charges for a non-PPO assistant surgeon at the PPO benefit level, based on Plan allowance, if services are performed at a PPO hospital or PPO ambulatory surgical center and the primary surgeon is a PPO provider.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- Charges billed by a facility for implantable devices, surgical hardware, etc., are subject to the Plan allowance which is based on the provider's cost plus a reasonable handling fee. The manufacturer's invoice that includes a description and cost of the implantable device or hardware may be required in order to determine benefits payable.
- The amounts listed below are for charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. See Sections 5(a) or (b) for costs associated with the professional charge (i.e., physicians, etc.).
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A \$500 PENALTY.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification.

Benefit Description	You pay
<b>Note: The calendar year deductible applies ONLY when we say below: “(calendar year deductible applies)”.</b>	
Inpatient hospital	High Option
<p>Room and board, such as:</p> <ul style="list-style-type: none"> <li>• Ward, semiprivate, or intensive care accommodations</li> <li>• Birthing room</li> <li>• General nursing care</li> <li>• Meals and special diets</li> </ul> <p>Note: We cover a private room only when you must be isolated to prevent contagion. Otherwise, we pay the hospital’s average charge for semiprivate accommodations. If the hospital has private rooms only, we base our payment on the average semiprivate rate of the most comparable hospital in the area.</p>	<p>PPO: Nothing when services are related to the delivery of a newborn. \$350 copayment per admission for all other admissions.</p> <p>Non-PPO: \$450 copayment per admission and 35% of the Plan allowance and the difference, if any, between our allowance and the billed amount</p> <p>15% of the Plan allowance for services obtained through the Cigna <b>LifeSOURCE</b> Transplant Network®</p>

## Section 5(d). Emergency Services/Accidents

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is \$300 per person (\$600 per Self Plus One enrollment or \$600 per Self and Family enrollment). The calendar year deductible applies to almost all benefits in this Section. We say “(No deductible)” to show when the calendar year deductible does not apply.
- The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply, except as listed within this Section.
- Please keep in mind that when you use a PPO hospital or a PPO physician, some of the professionals that provide related services may **not** all be preferred providers. If they are not, they will be paid as non-PPO providers. However, we will process charges for radiology, laboratory, electrocardiogram (ECG/EKG), electroencephalogram (EEG), the administration of anesthesia, the emergency room visit, and inpatient or outpatient observation physician visits billed by non-PPO providers at the PPO benefit level, based on Plan allowance, if the services are rendered at a PPO hospital or PPO ambulatory surgical center. We will process charges for a non-PPO assistant surgeon at the PPO benefit level, based on Plan allowance, if services are performed at a PPO hospital or PPO ambulatory surgical center and the primary surgeon is a PPO provider.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.

### What is an accidental injury?

An accidental injury is a bodily injury sustained solely through violent, external, and accidental means.

### What is a medical emergency condition?

A medical emergency condition is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Medical emergency conditions, if not treated promptly, might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that are medical emergencies—what they all have in common is the need for quick action in order to avoid bodily injury, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part.

### What are medical emergency services?

If you have a medical emergency condition, medical emergency services include a medical screening examination that is within the capability of the emergency department of a hospital, ancillary services routinely available to the emergency department to evaluate a medical emergency condition, further medical examination and treatment within the capabilities of the emergency facility, and stabilization of the emergency condition.

Benefit Description	You pay After the calendar year deductible...
<p><b>Note: The calendar year deductible applies to almost all benefits in this Section. We say "(No deductible)" when it does not apply.</b></p>	
<p><b>Accidental injury</b> <span style="float: right;"><b>High Option</b></span></p>	
<p>If you receive the care within 72 hours after your accidental injury, we cover:</p> <ul style="list-style-type: none"> <li>• Related nonsurgical treatment, including office or outpatient services and supplies</li> <li>• Related surgical treatment, limited to:               <ul style="list-style-type: none"> <li>- Simple repair of a laceration (stitching of a superficial wound)</li> <li>- Immobilization by casting, splinting, or strapping of a sprain, strain, or fracture</li> </ul> </li> <li>• Local professional ambulance service to the nearest outpatient hospital equipped to handle your condition when medically necessary</li> </ul> <p>Note: For surgeries related to your accidental injury not listed above, see Section 5(b). <i>Surgical procedures</i>.</p> <p>Note: We pay inpatient professional, outpatient observation room and all related services, and/or hospital benefits when you are admitted. See Section 5(a). <i>Diagnostic and treatment services</i>, Section 5(b). <i>Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals</i>, and Section 5(c). <i>Services Provided by a Hospital or Other Facility, and Ambulance Services</i>.</p> <p>Note: For dental benefits for accidental injury, see Section 5(g). <i>Dental Benefits</i>.</p>	<p>PPO: Nothing (No deductible)</p> <p>Non-PPO: Nothing and the difference, if any, between the Plan allowance and the billed amount (No deductible)</p>

<b>Ambulance</b>	
<p>Local professional ambulance service to the nearest facility equipped to handle your condition when medically necessary, not related to an accidental injury</p> <p>Note: When air ambulance transportation to the nearest facility equipped to handle your condition is provided by a non-PPO provider, we will pay up to the Plan allowance at the PPO benefit level.</p> <p>Note: When ambulance transportation to the nearest PPO facility is provided by a non-PPO provider, we will pay up to the Plan allowance at the PPO benefit level.</p>	<p>PPO: 15% of the Plan allowance</p> <p>Non-PPO: 30% of the Plan allowance and the difference, if any, between our allowance and the billed amount</p>
<i>Not covered: Transportation (other than professional ambulance services), such as by ambulance or medicab</i>	<i>All charges</i>

**Section 5(e). Mental Health and Substance Use Disorder Benefits**

**You may choose to get care In-Network or Out-of-Network.**

When you receive care, you must get our approval for services. If you do, cost-sharing and limitations for mental health and substance use disorder benefits will be no greater than for similar benefits for other illnesses and conditions.

**Important things to keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is \$300 per person (\$600 per Self Plus One enrollment or \$600 per Self and Family enrollment). The calendar year deductible applies to almost all benefits in this Section. We say “(No deductible)” to show when the calendar year deductible does not apply.
- The Out-of-Network benefits are the standard benefits of this Plan. In-Network benefits apply only when you use an In-Network provider. When no In-Network provider is available, Out-of-Network benefits apply.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- **YOU MUST GET PREAUTHORIZATION FOR THE FOLLOWING OUTPATIENT SERVICES:** Intensive outpatient program treatment, outpatient electro-convulsive treatment, psychological testing, methadone maintenance, and outpatient treatment visits beyond 45-50 minutes in duration with or without medication management. Benefits are payable only when we determine the care is clinically appropriate to treat your condition. To be eligible to receive full benefits, you must follow the preauthorization process. See the instructions after the benefits descriptions below.
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS. FAILURE TO DO SO WILL RESULT IN A \$500 PENALTY.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification.
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan’s clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

<b>In-Network and Out-of-Network benefits (cont.)</b>	<b>High Option</b>
<p><i>Not covered:</i></p> <ul style="list-style-type: none"> <li>• <i>Services we have not approved</i></li> <li>• <i>Treatment for learning disabilities and intellectual disabilities</i></li> <li>• <i>Treatment for marital discord</i></li> <li>• <i>Services rendered or billed by schools, residential treatment centers, or half-way houses, and/or members of their staff except when preauthorized</i></li> <li>• <i>Nursing care requested by, or for the convenience of, the patient or the patient’s family</i></li> <li>• <i>Home care primarily for personal assistance that does not include a mental component and is not diagnostic, therapeutic, or rehabilitative</i></li> <li>• <i>Transportation (other than professional ambulance services), such as by ambulance or medicab</i></li> </ul> <p><i>Note: Exclusions that apply to other benefits apply to these mental health and substance use disorder benefits, unless the services are included in a treatment plan that we approve.</i></p>	<p><i>All charges</i></p>

**Preauthorization**      OptumHealth Behavioral Solutions provides our mental health and substance use disorder benefits. Call 877-468-1016 to locate In-Network clinicians who can best meet your needs.

For services that require prior authorization, you must follow all of the following network authorization processes:

- Call 877-468-1016 to receive authorization to see a provider when we are your primary payor. You and your provider will receive written confirmation of the authorization from OptumHealth Behavioral Solutions for the initial and any ongoing authorizations.

Note: You do not need to preauthorize treatment for mental health and substance use disorder services rendered outside of the United States.

- When Medicare is your primary payor, call the Plan at 703-729-4677 or 888-636-NALC (6252) to preauthorize treatment if:
  - Medicare does not cover your services; or
  - Medicare hospital benefits are exhausted and you do not want to use your Medicare lifetime reserve days.

Note: You do not need to preauthorize treatment when Medicare covers your services.

**Where to file claims**      Claims should be submitted to:

OptumHealth Behavioral Solutions  
 P.O. Box 30755  
 Salt Lake City, UT 84130-0755  
 Questions? 877-468-1016

Note: If you are using an In-Network provider for mental health or substance use disorder treatment, you will not have to submit a claim. OptumHealth Behavioral Solutions In-Network providers are responsible for filing.

## Section 5(f). Prescription Drug Benefits

### Important things to keep in mind about these benefits:

- We cover prescribed medications and supplies as described in the chart beginning on page 80 in this Section.
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Federal law prevents the pharmacy from accepting unused medications.
- Members must make sure their prescribers obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- The calendar year deductible does not apply to prescription drug benefits.
- **SOME DRUGS REQUIRE PRIOR APPROVAL** before we provide benefits for them. Refer to the dispensing limitations in this section for further information.
- Maximum dosage dispensed may be limited by protocols established by the Plan.
- In the event of a disaster or an emergency where additional or early fills of medications are needed, call the Plan at 703-729-4677 or 888-636-NALC (6252) for authorization.
- When we say "Medicare" in the *You pay* section we mean you have Medicare Part B or Part D and it is primary.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.

### There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician or dentist, and in states allowing it, licensed/certified providers with prescriptive authority prescribing within their scope of practice.
- **Where you can obtain them.** You may fill the prescription at a network pharmacy, a non-network pharmacy, or by mail. We provide a higher level of benefits when you purchase your generic drug through our mail order program.
  - **Network pharmacy**—Present your Plan identification card at an NALC CareSelect Network pharmacy to purchase prescription drugs. Call 800-933-NALC (6252) to locate the nearest network pharmacy.
  - **Non-network pharmacy**—You may purchase prescriptions at pharmacies that are not part of our network. You pay full cost and must file a claim for reimbursement. See *When you have to file a claim* in this section.
  - **Mail order**—Complete the patient profile/order form. Send it along with your prescription(s) and payment, in the pre-addressed envelope to: NALC Prescription Drug Program, P.O. Box 659541, San Antonio, TX 78265-9541 or NALC Prescription Drug Program, P.O. Box 1330, Pittsburgh, PA 15230-9906.
- **We use a formulary.** Your prescription drug plan, through CVS Caremark®, includes a formulary drug list. Formularies are developed by an independent panel of doctors and pharmacists who ensure medications are clinically appropriate and cost effective. Our formulary list is called the NALC Health Benefit Plan Formulary Drug List with Advanced Control Specialty Formulary. Certain non-formulary drugs may only be covered with prior authorization. If your physician believes a brand name drug is necessary, or if there is no generic available, ask your physician to prescribe a formulary brand name drug from this list. You will pay the appropriate retail coinsurance and mail order copayment amounts for generic and formulary brand name drugs on the list. Your out-of-pocket costs will be higher for non-formulary drugs that are not on the list. You may order a copy of the list of drugs by calling 800-933-NALC (6252) or by visiting our website, [www.nalchbp.org](http://www.nalchbp.org).

If your prescriber believes you should use a medication that is not on the standard formulary, you must contact CVS Caremark® at 800-294-5979 to obtain prior authorization. Your healthcare provider will be asked to provide documentation for consideration of use of the non-formulary medication. You must periodically renew prior approval for certain drugs.

- **These are the dispensing limitations.**

- For prescriptions purchased at NALC CareSelect pharmacies you may obtain up to a 30-day fill plus one refill. If you purchase more than two fills of a maintenance medication at a network pharmacy without prior Plan authorization you will need to file a paper claim to receive reimbursement at 55% of the Plan allowance.
- Maintenance and long-term medications may be ordered through our Mail Order Prescription Drug Program for up to a 60-day or 90-day supply (21-day minimum). The 21-day minimum does not apply to specialty drugs ordered through CVS Specialty™.
- You may also purchase up to a 90-day supply (84-day minimum) of covered drugs and supplies at a CVS Caremark® Pharmacy through our Maintenance Choice Program. You will pay the applicable mail order copayment for each prescription purchased.

Most prescriptions can be filled after 75% of the drug has been used. However, individual pharmacists may refuse to fill or refill a prescription if there is a question about the order's accuracy, validity, authenticity, or safety to the patient, based on the pharmacist's professional judgement. Network retail pharmacy limitations are waived when you have Medicare Part D as your primary payor and they cover the drug.

You may obtain up to a 30-day fill and unlimited refills for each prescription purchased at a non-network retail pharmacy; however, if you purchase more than two fills, you will need to file a paper claim to receive reimbursement. When you use a non-network pharmacy, your cost-sharing will be higher.

Specialty drugs generally include, but may not be limited to, drugs and biologics (medications created from living cells cultured in a laboratory) that may be complex to manufacture, can have routes of administration more challenging to administer (injectable, infused, inhaled, topical, and oral), may have special handling requirements, may require special patient monitoring, and may have special programs mandated by the FDA to control and monitor their use. These drugs are typically used to treat chronic, serious, or life-threatening conditions. Examples of such conditions include, but are not limited to, myelogenous leukemia (AML), cancer, Crohn's disease, cystic fibrosis, growth hormone disorder, hemophilia, hepatitis C, HIV, immune deficiencies, multiple sclerosis, osteoarthritis, psoriasis, and rheumatoid arthritis. Specialty drugs are often priced much higher than traditional drugs.

- All specialty drugs require preauthorization and may include step therapy; call CVS Specialty™ at 800-237-2767. Our benefit includes the Advanced Control Specialty Formulary® that includes a step therapy program and uses evidence-based protocols that require the use of a preferred drug(s) before non-preferred specialty drugs are covered. The Advanced Control Specialty Formulary® is designed as a specialty drug formulary that includes generics and clinically effective brands as determined through clinical evidence. The therapy classes chosen for Advanced Control Specialty Formulary® have multiple specialty drugs available that are considered therapeutically equivalent (similar safety and efficacy), thus providing the opportunity to utilize the lowest cost drug(s). In addition, categories, therapies and tiering changes could be updated every quarter and added to the formulary. Please refer to the Advanced Control Specialty Formulary® drug list for more information about the drugs and classes.
- All specialty drugs must be purchased through CVS Specialty™.
- Some specialty medications may qualify for third party copayment assistance programs which could lower your out-of-pocket costs for those medications. When specialty medication is purchased with a third party copayment assistance coupon, rebate, or card, the Plan will not apply the amount of the discount towards your out-of-pocket maximum.
- The Specialty Connect feature allows you to submit your specialty medication prescription to your local CVS Pharmacy. See Section 5(h). *Wellness and Other Special Features* or call 800-237-2767 for more information.

**Note:** Decisions about prior approval are based on evidence-based guidelines developed by CVS Caremark® Pharmacy's clinical team and include, but are not limited to, FDA approved indications and/or independent expert panels.

We require prior authorization (PA) for certain drugs to ensure safety, clinical appropriateness and cost effectiveness. PA criteria is designed to determine coverage and help to promote safe and appropriate use of medications. Medications for anti-narcolepsy, ADD/ADHD, certain analgesics, certain opioids, 510K dermatological products, and artificial saliva will require PA. In certain circumstances, a PA may require the trial of a more appropriate first line agent before the drug being requested is approved. Occasionally, as part of regular review, we may recommend that the use of a drug is appropriate only with limits on its quantity, total dose, duration of therapy, age, gender or specific diagnoses. To obtain a list of drugs that require PA, please visit our website, [www.nalchbp.org](http://www.nalchbp.org) or call 888-636-NALC (6252).

We periodically review and update the PA drug list in accordance with the guidelines set by the U.S. Food and Drug Administration (FDA), as a result of new drugs, new generic drugs, new therapies and other factors. Call CVS Caremark® at 800-933-NALC (6252) to obtain prior authorization.

A compound drug is a medication made by combining, mixing, or altering ingredients in response to a prescription, to create a customized drug that is not otherwise commercially available. Certain compounding chemicals (over-the-counter (OTC) products, bulk powders, bulk chemicals, and proprietary bases) are not covered through the prescription benefit and will be determined through preauthorization. Refill limits may apply.

- **All compound drugs require prior authorization. Call CVS Caremark® at 800-933-NALC (6252) to obtain authorization.**
- **A generic equivalent will be dispensed if it is available, unless your physician specifically requires a brand name.** If you receive a brand name drug when a federally-approved generic drug is available, and your physician has not specified "Dispense as Written" for the brand name drug, you have to pay the difference in cost between the brand name drug and the generic.
- **Why use generic drugs?** Generic drugs offer a safe and economic way to meet your prescription drug needs. The generic name of a drug is its chemical name. The brand name is the name under which the manufacturer advertises and sells a drug. Under federal law, generic and brand name drugs must meet the same standards for safety, purity, strength, and effectiveness. A generic drug costs you—and us—less than a brand name drug. Your out-of-pocket costs for mail order medications are reduced when your physician prescribes a generic medication from our NALCSelect generic list. Call 800-933-NALC (6252) to request a copy.
- **When you have Medicare Part D.** We waive the following at retail when Medicare Part D is primary payor and covers the drug:
  - Refill limitations
  - Day supply

Note: See Section 9. *Coordinating Benefits with Medicare and Other Coverage*, for more information on Medicare Part D.

- **When you have to file a claim.** If you purchase prescriptions at a non-network pharmacy, foreign/overseas pharmacy, or elect to purchase additional 30-day refills at a network pharmacy, complete the short-term prescription claim form. Mail it with your prescription receipts to the NALC Prescription Drug Program. Receipts must include the patient's name, prescription number, medication NDC number or name of drug, prescribing doctor's name, date of fill, total charge, metric quantity, days' supply, and pharmacy name and address or pharmacy NABP number.

When you have other prescription drug coverage, and the other carrier is primary, use that carrier's drug benefit first. After the primary carrier has processed the claim and made a payment, we will pay as secondary up to our Plan limit. If no payment is made by the primary payor, complete the short-term prescription claim form, attach the drug receipts and other carrier's reason for denial and mail to: NALC Prescription Drug Program, P.O. Box 52192, Phoenix, AZ 85072-2192.

Note: If you have questions about the Program, wish to locate an NALC CareSelect Network retail pharmacy, or need additional claim forms, call 800-933-NALC (6252) 24 hours a day, 7 days a week.

Benefit Description	You pay

## Section 5(g). Dental Benefits

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In this Section, unlike Sections 5(a) and (d), the calendar year deductible applies to only a few benefits. In that case, we say “(calendar year deductible applies).” The calendar year deductible is \$300 per person (\$600 per Self Plus One enrollment or \$600 per Self and Family enrollment).
- The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply, except as listed within this Section.
- Please keep in mind that when you use a PPO hospital or a PPO physician, some of the professionals that provide related services, may **not** all be preferred providers. If they are not, they will be paid as non-PPO providers. However, we will process charges for radiology, laboratory, electrocardiogram (ECG/EKG), electroencephalogram (EEG), the administration of anesthesia, the emergency room visit, and inpatient or outpatient observation physician visits billed by non-PPO providers at the PPO benefit level, based on Plan allowance, if the services are rendered at a PPO hospital or PPO ambulatory surgical center. We will process charges for a non-PPO assistant surgeon at the PPO benefit level, based on Plan allowance, if services are performed at a PPO hospital or PPO ambulatory surgical center and the primary surgeon is a PPO provider.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.

**What is an accidental dental injury?**

An **accidental dental injury to a sound natural tooth** is an injury caused by an external force or element such as a blow or fall that requires immediate attention. Injuries to the teeth while eating are not considered accidental injuries.

**What is a sound natural tooth?**

A **sound natural tooth** is a tooth that is whole or properly restored (restoration with amalgams only); is without impairment, periodontal, or other conditions; and is not in need of the treatment provided for any reason other than an accidental injury. For purposes of this Plan, a tooth previously restored with a crown, inlay, onlay, prosthetic or porcelain restoration, or treated by endodontics, or tooth implant is not considered a sound, natural tooth.

Benefit Description	You pay
<b>Note: The calendar year deductible applies ONLY when we say, “(calendar year deductible applies).”</b>	
<b>Accidental dental injury benefit</b>	<b>High Option</b>
We only cover outpatient dental treatment incurred and completed within 72 hours of an accidental injury (as defined above). We provide benefits for services, supplies, or appliances (such as space maintainers) for dental care necessary to repair injury to sound natural teeth (as defined above) required as a result of, and directly related to, an accidental injury.	PPO: 15% of the Plan allowance  Non-PPO: 30% of the Plan allowance and the difference, if any, between our allowance and the billed amount (calendar year deductible applies)
<i>Not covered:</i> <ul style="list-style-type: none"> <li>• <i>Dental services not rendered or completed within 72 hours</i></li> <li>• <i>Bridges, oral implants, dentures, crowns</i></li> <li>• <i>Orthodontic treatment</i></li> <li>• <i>Night splint/guard</i></li> </ul>	<i>All charges</i>

**Section 5(h). Wellness and Other Special Features**

Special feature	Description
<p><b>24-hour help line for mental health and substance use disorder</b></p>	<p>You may call 877-468-1016, 24 hours a day, 7 days a week, to access in-person support for a wide range of concerns, including depression, eating disorders, coping with grief and loss, alcohol or drug dependency, physical abuse and managing stress.</p>
<p><b>24-hour Health Information Line</b></p>	<p>Call CareAllies 24-Hour Health Information Line at 877-220-NALC (6252) to access a registered nurse 24 hours a day, 7 days a week. This nurse line seeks to influence consumer behavior by providing tools, education, counseling and support to help members make decisions with respect to their health and use of healthcare services.</p> <p>Consumers may contact a CareAllies registered nurse at any time of the day or night, for:</p> <ul style="list-style-type: none"> <li>• Answers to questions about medical conditions, diagnostic tests or treatments prescribed by their physicians, or other health or wellness topics</li> <li>• Assistance to determine the appropriate level of healthcare services (emergency room, doctor visit, self care, etc.) required to address a current symptom</li> <li>• Self care techniques for home care of minor symptoms</li> <li>• Referrals for case management or other appropriate services</li> <li>• Introduction to the online health resources available at <a href="http://www.nalchbp.org">www.nalchbp.org</a></li> </ul>
<p><b>Childhood Weight Management Resource Center</b></p>	<p>Visit our website at <a href="http://www.nalchbp.org">www.nalchbp.org</a> for information and tips on weight management and overcoming childhood obesity. You can access numerous articles on food, nutrition, exercise and fitness specifically geared for children of all ages. You can also find recipes, meal suggestions, and a BMI chart designed for children from age 2 through 20.</p> <p>Through this online tool, parents can sign up for a free OptumHealth Live and Work Well monthly email newsletter that can be tailored to their child's age and special interests.</p>
<p><b>Complex and Chronic Disease Management Program</b></p>	<p>Accordant Health Management offers programs for the following complex chronic medical conditions:</p> <ul style="list-style-type: none"> <li>• Amyotrophic Lateral Sclerosis (ALS-Lou Gehrig's Disease)</li> <li>• Chronic Inflammatory Demyelinating Polyradiculoneuropathy (CIDP)</li> <li>• Crohn's Disease</li> <li>• Cystic Fibrosis (CF)</li> <li>• Dermatomyositis</li> <li>• Gaucher Disease</li> <li>• Hemophilia</li> <li>• Hereditary Angioedema</li> <li>• Human Immunodeficiency Virus (HIV)</li> <li>• Multiple Sclerosis (MS)</li> <li>• Myasthenia Gravis (MG)</li> <li>• Parkinson's Disease (PD)</li> <li>• Polymyositis</li> <li>• Rheumatoid Arthritis (RA)</li> <li>• Scleroderma</li> <li>• Seizure disorders (Epilepsy)</li> <li>• Sickle Cell Disease (SCD)</li> <li>• Systemic Lupus Erythematosus (SLE)</li> <li>• Ulcerative Colitis</li> </ul> <p>For more information on the Accordant Health Management programs, please call toll-free 844-923-0805.</p>

<p><b>Diabetes care management program – Transform Care</b></p>	<p>This program helps deliver better overall care and lower costs for members with diabetes. Your enrollment in this program includes a connected glucometer, unlimited test strips and lancets, medication therapy counseling from a pharmacist, two annual diabetes screenings at a CVS MinuteClinic® and a suite of digital resources through the CVS mobile App, all at no cost. Please call CVS Caremark® at 800-933-NALC (6252) for more information.</p>
<p><b>Disease management program - Gaps in Care</b></p>	<p>This program integrates medical, pharmacy, and laboratory data to identify and address members’ gaps in care. Gaps in care occur when individuals do not receive or adhere to care that is consistent with medically proven guidelines for prevention or treatment. This is an outreach program for both you and your physician. Members and their physicians are informed by mail of potential gaps and are instructed on how to improve adherence to existing therapies. Some examples of conditions that are managed through the program are: diabetes, hypertension, and cardiac disorders.</p>
<p><b>Disease management program - Your Health First</b></p>	<p>Through a clinical identification process, individuals are identified who have a chronic health condition such as asthma, COPD, depression, diabetes, or heart disease. Health advocates trained as nurses, coaches, nutritionists, and clinicians use a one-on-one approach to help individuals:</p> <ul style="list-style-type: none"> <li>• Recognize worsening symptoms and know when to see a doctor</li> <li>• Establish questions to discuss with their doctor</li> <li>• Understand the importance of following doctors' orders</li> <li>• Develop health habits related to nutrition, sleep, exercise, weight, tobacco, and stress</li> <li>• Prepare for a hospital admission or recover after a hospital stay</li> <li>• Make educated decisions about treatment options</li> </ul> <p>You may call 877-220-NALC (6252) to speak to a health advocate.</p> <p>You can earn \$50 in health savings rewards once you achieve a fitness, diet, or health goal with the assistance of a trained health coach. Only one incentive can be earned per calendar year. See <i>Wellness Incentive Programs</i> in this section.</p>
<p><b>Enhanced CaremarkDirect Retail Program</b></p>	<p>You can purchase non-covered drugs through your local CVS network pharmacy and receive the convenience, safety, and confidentiality you already benefit from with covered prescriptions. Our Enhanced CaremarkDirect Retail is offered at no additional charge to you. Using this program at your local CVS Pharmacy, as well as all major chains, for both covered and non-covered prescriptions will help ensure overall patient safety. The program allows you to get a discount on many prescription drugs not covered by our prescription benefit.</p> <p>Enhanced CaremarkDirect Retail is a value-added program that provides you with safe, convenient access to competitively priced, non-covered prescriptions, and certain over-the-counter drugs.</p> <p>You may call 800-933-NALC (6252), 24 hours a day, 7 days a week, for a complete listing of available medications and their cost.</p>
<p><b>Flexible benefits option</b></p>	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> <li>• We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue.</li> <li>• Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process.</li> <li>• By approving an alternative benefit, we do not guarantee you will get it in the future.</li> <li>• The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits.</li> <li>• If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request.</li> </ul>

	<p>Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).</p>
<p><b>Health Assessment</b></p>	<p>A free Health Assessment is available under Quicklinks at <a href="http://www.nalchbp.org">www.nalchbp.org</a>. The Health Assessment is an online program that analyzes your health related responses and gives you a personalized plan to achieve specific health goals. Your Health Assessment profile provides information to put you on a path to good physical and mental health.</p> <p>Any eligible member or dependent over the age of 18 can earn \$30 in health savings rewards by completing the Health Assessment. See <i>Wellness Incentive Programs</i> in this section for more details. Or, you may be eligible to choose from the following:</p> <ul style="list-style-type: none"> <li>• When one covered member completes the Health Assessment, you may choose one of the following:             <ul style="list-style-type: none"> <li>- Self only CignaPlus Savings<sup>®</sup> discount dental program. We will pay the CignaPlus Savings<sup>®</sup> discount dental premium for the remainder of the calendar year in which you completed the Health Assessment provided you remain enrolled in our Plan;</li> <li>- Waiver of two \$20 PPO medical office visit copayments (when the Plan is the primary payor) incurred in the same year as the Health Assessment is completed. Copayment waivers will be applied to claims for services rendered after completion of the Health Assessment; or</li> <li>- A wearable activity tracking device.</li> </ul> </li> <li>• When two or more covered family members (including the member) complete the Health Assessment, you may choose one of the following:             <ul style="list-style-type: none"> <li>- Family CignaPlus Savings<sup>®</sup> discount dental program. We will pay the CignaPlus Savings<sup>®</sup> discount dental premium for the remainder of the calendar year in which you completed the Health Assessment provided you remain enrolled in our Plan;</li> <li>- Waiver of four \$20 PPO medical office visit copayments (when the Plan is the primary payor) incurred in the same year as the Health Assessment is completed. Copayment waivers will be applied to claims for services rendered after completion of the Health Assessment; or</li> <li>- A wearable activity tracking device (limit 2 devices per enrollment).</li> </ul> </li> </ul> <p><b>Note:</b> You must be 18 years or older to be eligible to complete the Health Assessment. Individuals age 13 and older can access other services offered by CareAllies/Cigna.</p> <p>CignaPlus Savings<sup>®</sup> is a discount dental program that provides members access to discounted fees with participating dental providers. For more information on this program, call 877-521-0244 or visit <a href="http://www.cignaplussavings.com">www.cignaplussavings.com</a>.</p>
<p><b>Healthy Pregnancies, Healthy Babies<sup>®</sup> Program</b></p>	<p>This is a voluntary program for all expectant mothers. You will receive educational information and support throughout your entire pregnancy and after. You will speak to a pregnancy specialist and receive unlimited coaching calls to provide you with caring support to optimize your chances of having a healthy, full-term pregnancy. There will be ongoing assessments to help with early detection of a high risk pregnancy or other special needs you may have during your pregnancy. Healthy Pregnancies, Healthy Babies<sup>®</sup> will work together with you and your doctor to develop a plan of care. After delivery, you will also be screened for signs of postpartum depression.</p> <p>Call 877-220-6252 to enroll in the Healthy Pregnancies, Healthy Babies<sup>®</sup> program as soon as you know you are pregnant.</p> <p>Enroll in your 1st or 2nd trimester and stay engaged with a pregnancy specialist during your pregnancy to complete at least 3 calls, one of which includes the post-partum call for closure, in order to be eligible for \$50 in health savings rewards. See <i>Wellness Incentive Programs</i> in this section for more details.</p>

<b>Healthy Rewards Program</b>	A program available to all members that provides discounts on services that are not usually covered by the Plan. You will receive discounts on weight management and nutrition services, fitness clubs, vision and hearing care, and healthy lifestyle products. This program promotes wellness, good health, and healthy behaviors. For more information call 800-870-3470 or visit our website at <a href="http://www.nalchbp.org">www.nalchbp.org</a> .
<b>Musculoskeletal (MSK) Program</b>	<p>Our Musculoskeletal Program through Hinge Health offers a convenient way to help you overcome back and joint pain, avoid surgeries, and reduce medication usage - all from the comfort of your home. This program is offered at no cost to you and your dependents. Once enrolled, you'll receive:</p> <ul style="list-style-type: none"> <li>• Access to a personal care team, including a physical therapist and health coach</li> <li>• A tablet and wearable sensors that guide you through the exercises</li> <li>• Video visits with your care team, delivered through the Hinge Health app</li> </ul> <p>For more information or to enroll call 855-902-2777 or visit <a href="http://hingehealth.com/nalc">hingehealth.com/nalc</a>.</p>
<b>NALC Health Benefit Plan mobile application</b>	The NALC Health Benefit Plan's new mobile application is available for download for both iOS and Android mobile devices. The application provides members with 24/7 access to helpful features, tools and information related to their Health Plan benefits. Members can log in and create a unique username and password to access personal healthcare information such as benefits, out-of-pocket costs, deductibles, and PCA balances (if applicable). They can also view claims and Explanations of Benefits (EOBs) and complete the online Health Assessment. The mobile app also provides direct links to our vendor partners Cigna, CVS Health, and Optum Behavioral Health.
<b>Personal Health Record</b>	Our Personal Health Record allows you to create and maintain a complete, comprehensive, and confidential medical record containing information on allergies, immunizations, medical providers, medications, past medical procedures, and more. Participation is voluntary and access is secured. To access, register at <a href="http://www.nalchbp.org">www.nalchbp.org</a> , log on and select the 'Personal Health Record' tab.
<b>Services for deaf and hearing impaired</b>	<p>TTY lines are available for the following:</p> <p>CVS Caremark®: 800-238-1217 (prescription benefit information)</p> <p>OptumHealth Behavioral Solutions: 800-842-2479 (mental health and substance use disorder information)</p>
<b>Solutions for Caregivers</b>	<p>For members or spouses that are caring for an elderly relative or disabled dependent, this program provides expert assistance from a Care Advocate, a registered nurse with geriatric, disability and community health experience. Your benefit gives you a bank of six free hours per calendar year, which may be used for any combination of the following services:</p> <ul style="list-style-type: none"> <li>• Evaluating the elder's/dependent's living situation</li> <li>• Identifying medical, social and home needs (present and future)</li> <li>• Recommending a personalized service plan for support, safety and care</li> <li>• Finding and arranging all necessary services</li> <li>• Monitoring care and adjusting the service plan when necessary</li> </ul> <p>Whether it's arranging transportation to doctors' appointments, explaining insurance options, having safety equipment installed, or coordinating care with multiple providers, the Care Advocate will help ensure that your elderly relative or disabled dependent maintains a safe, healthy lifestyle.</p> <p>You can call 866-463-5337 to speak with a Care Advocate from 7:00 a.m. to 5:00 p.m. (CST) Monday through Friday.</p> <p>You may also access educational resources and discounted products and services anytime online at <a href="http://www.uhc.com/caregiving">www.uhc.com/caregiving</a>. Please use code NALCHBP when creating an account.</p>

<p><b>Specialty Connect</b></p>	<p>This enhanced service combines the services of CVS Pharmacy and CVS Specialty™ by offering expanded choices and greater access to specialty medications and services. Specialty prescriptions can be submitted to any local CVS Pharmacy or to our Specialty mail pharmacies. Members will receive telephonic clinical support from our Specialty pharmacy Care Team and will have the added option to pick up their specialty medication at a CVS Pharmacy or to have them delivered to the location of their choice. Call 800-237-2767 for more information.</p>
<p><b>Substance Use Disorder (SUD) Program</b></p>	<p>This program offers assistance in finding In-Network providers and treatment options in the area and provides education about the SUD condition. Call Optum® at 855-780-5955 to speak with a licensed clinician who can help guide you to an In-Network treatment provider or treatment center. Better treatment outcomes occur when you have a clear individualized treatment plan within your community.</p>
<p><b>Substance Use Disorder (SUD) Care Management Program</b></p>	<p>This clinical care management outreach program through Optum® provides ongoing support for those individuals impacted by substance use. Participants are assigned a master’s level clinician to provide phone based support and advocacy including, but not limited to:</p> <ul style="list-style-type: none"> <li>• Toxicology screening</li> <li>• Meetings with patient’s family</li> <li>• Referral management and appointment setting</li> <li>• Unlimited after hours support for both patients and family members</li> <li>• Regular reporting</li> </ul> <p>This program is designed to engage participants in successful recovery by developing the best treatment options and guiding the participants to the right care.</p>
<p><b>Telehealth services</b></p>	<p>Virtual doctor visits are available through NALCHBP Telehealth. Download the mobile app for Android or iOS mobile devices by visiting Google Play™ or the Apple App Store, visit <a href="http://www.nalchbptelehealth.org">www.nalchbptelehealth.org</a> or call 888-541-7706 to access high quality, affordable care, when you need it, where you need it. Care is provided by U.S. board licensed and credentialed physicians and nurse practitioners who can write a prescription for medication, if appropriate. Virtual visits can be used for adults or children with minor acute, non-emergency medical conditions such as flu, sinus problems, allergies, abrasions or minor wounds. See Section 10 for definition and more examples.</p> <p>Note: This benefit is only available through NALCHBP Telehealth.</p> <p>Note: For telemental or mental health and substance use disorder benefits, see Section 5(e). <i>Mental Health and Substance Use Disorder Benefits</i>.</p>
<p><b>Weight Management Program</b></p>	<p>The Real Appeal® Program through Optum® is an online weight loss program that offers group and one-on-one personalized coaching through an online and mobile platform. The program focuses on weight loss through proper nutrition, exercise, sleep and stress management. Members will have access to a Transformation Coach and a suite of online tools to help track food and activity. Members will also receive a Success Kit to support their weight loss journey including a food and weight scale, resistance band, workout DVDs and more!</p> <p>Coaching sessions are scheduled online at the members’ convenience and educational content is provided throughout the year. Coaches will be able to see the participants’ progress throughout the course of the program and be able to offer personalized support. Real Appeal® encourages members to make small changes toward larger long-term health results with sustained support throughout the duration of the program.</p> <p>Members can enroll in the Real Appeal® Program online at <a href="http://www.nalchbp.org">www.nalchbp.org</a>.</p>

<p><b>Wellness Incentive Programs</b></p>	<p>You can earn valuable health savings rewards to use towards eligible medical expenses. We will send each eligible member, 18 years of age and older, a debit card to access their account. If you or your eligible dependent(s) take any of the actions that would make you eligible for health account dollars, you are entitled to receive those health account dollars on a debit card that will automatically be sent to you from our wellness program partner. Please keep your card for future use even if you use all your health account dollars; you may be eligible for wellness incentives in subsequent benefit years. Our wellness program partner does not send new cards to continuing participants until the card expires. If you leave the NALC Health Benefit Plan, any money remaining in your account will be forfeited. Below is a list of programs, screenings, and preventive services that are eligible for a health savings reward. See criteria to receive the reward in the Section indicated.</p> <ul style="list-style-type: none"> <li>• Your Health First Disease Management Program - \$50. See <i>Disease management program - Your Health First</i> in this section for details.</li> <li>• Healthy Pregnancies, Healthy Babies® - \$50. See <i>Healthy Pregnancies, Healthy Babies Program®</i> in this section for details.</li> <li>• Quit for Life Tobacco Cessation Program - \$50. See Section 5(a). <i>Educational classes and programs</i> for details.</li> <li>• Annual biometric screening - \$50. See Section 5(a). <i>Preventive care, adults</i> for details.</li> <li>• Health Assessment - \$30. See <i>Health Assessment</i> in this section for details.</li> <li>• Annual influenza vaccine - \$10. See Section 5(a). <i>Preventive care, adults</i> or <i>Preventive care, children</i> for details.</li> <li>• Annual pneumococcal vaccine - \$10. See Section 5(a). <i>Preventive care, adults</i> for details.</li> </ul> <p>An eligible medical expense is defined as those expenses paid for care as described in Section 213 (d) of the Internal Revenue Code. Please visit our website for a list to help you determine whether an expense is eligible. You are only eligible to receive one (1) reward amount per person, per program or wellness activity per calendar year.</p>
<p><b>Worldwide coverage</b></p>	<p>We cover the medical care you receive outside the United States, subject to the terms and conditions of this brochure. See Section 7. <i>Overseas claims</i>.</p>

## Consumer Driven Health Plan/Value Option Overview

---

The Plan offers a Consumer Driven Health Plan (CDHP) High and Value Option Plan. The CDHP benefit package is described in this section. Make sure that you review the benefits that are available under the benefit option in which you are enrolled.

Section 5, which describes the CDHP/Value Option benefits, is divided into subsections. Please read the Important things you should keep in mind about these benefits at the beginning of each subsection. Also read the general exclusions in Section 6. These exclusions apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about CDHP/Value Option benefits, contact us at 855-511-1893 or on our website at [www.nalchbp.org](http://www.nalchbp.org).

This CDHP/Value Option focuses on you, the healthcare consumer, and gives you greater control in how you use your healthcare benefits. With this Plan, eligible In-Network preventive care is covered in full. The Traditional Medical Coverage begins after you satisfy your deductible.

You can use the Personal Care Account (PCA) for any covered care. If you exhaust your PCA, the Traditional Medical Coverage begins after you satisfy the calendar year deductible. If you don't exhaust your PCA for the year, you can roll it over to the next year, up to the maximum rollover balance amount, as long as you continue to be enrolled in the CDHP/Value Option. The Personal Care Account (PCA) is described in Section 5.

### The CDHP/Value Options include:

#### In-Network Preventive Care

This component covers 100% for preventive care for adults and children if you use an In-Network provider. The covered services include office visits/exams, immunizations and screenings and are fully described in Section 5.

#### CDHP/Value Option Personal Care Account (PCA)

The Plan also provides a PCA for each enrollment in the CDHP/Value Option. Each year, the Plan provides members \$1,200 for a Self Only, \$2,400 for a Self Plus One or \$2,400 for a Self and Family who enroll in the CDHP during Open Season and \$100 for a Self Only, \$200 for a Self Plus One, or \$200 for a Self and Family who enroll in the Value Option during Open Season. The PCA amount is subject to a monthly proration for enrollments outside of Open Season. Eligibility for the Plan's PCA is determined on the first day of the month of your effective day of enrollment in the CDHP or Value Option Plan and will be prorated for the length of the enrollment. See Section 5. CDHP/Value Option Personal Care Account for enrollments outside of Open Season.

If you join the CDHP Self Only and then switch to CDHP Self Plus One or CDHP Self and Family, the PCA will increase from \$1,200 to \$2,400. We will deduct any amounts used while under the CDHP Self Only from the CDHP Self Plus One or CDHP Self and Family of \$2,400.

If you join the CDHP Self Plus One or CDHP Self and Family and later switch to CDHP Self Only, the PCA will decrease from \$2,400 to \$1,200. We will deduct amounts of the PCA previously used while enrolled in the CDHP Self Plus One or CDHP Self and Family from the CDHP Self Only amount of \$1,200. For example, if \$500 of the Self and Family PCA has been used and you change to CDHP Self Only, the PCA will be \$1,200 minus \$500 or \$700 for the remainder of the year. **A member changing their enrollment option will not be penalized for amounts used while in the CDHP Self Plus One or CDHP Self and Family that exceed the amount of the CDHP Self Only PCA.**

If you join the Value Option Self Only and then switch to Value Option Self Plus One or Value Option Self and Family, the PCA will increase from \$100 to \$200. We will deduct any amounts used while under the Value Option Self Only from the Value Option Self Plus One or Value Option Self and Family of \$200.

If you join the Value Option Self Plus One or Value Option Self and Family and later switch to Value Option Self Only, the PCA will decrease from \$200 to \$100. We will deduct amounts of the PCA previously used while enrolled in the Value Option Self Plus One or Value Option Self and Family from the Value Option Self Only amount of \$100. For example, if \$50 of the Self and Family PCA had been used and you change to Value Option Self Only coverage, the PCA will be \$100 minus \$50 or \$50 for the remainder of the year. **A member changing their enrollment option will not be penalized for amounts used while in the Value Option Self Plus One or Value Option Self and Family that exceed the amount of the Value Option Self Only PCA.**

### **Traditional Health Coverage**

If you are enrolled in the CDHP/Value Option, you must satisfy your calendar year deductible and exhaust your Personal Care Account (PCA) before the Plan starts paying benefits under the Traditional Health Coverage described in Section 5.

The Plan generally pays 80% of the cost for In-Network care and 50% of the Plan allowance for Out-of-Network care.

### **Wellness and Other Special Features**

Section 5(h) describes the wellness and other special features available to you under the CDHP/Value Option to help you improve the quality of your healthcare and manage your expenses. There is also customer care support and a 24-hour nurse advisory service.

## Section 5. CDHP/Value Option Personal Care Account

### Important things you should keep in mind about your Personal Care Account (PCA) for the CDHP and Value Option:

- All eligible healthcare expenses (except In-Network preventive care) are paid first from your PCA. Traditional Health Coverage (under CDHP and Value Option Section 5) will only start once the PCA is exhausted.
- Note that In-Network preventive care covered under the CDHP and Value Option Section 5 does NOT count against your PCA.
- The CDHP and Value Option PCA provides full coverage for both In-Network and Out-of-Network providers. However, your PCA will generally go much further when you use network providers because network providers agree to discount their fees.
- The Plan provides you with the resources to manage your PCA. You can track your PCA on your personal private website through mycigna.com, by telephone at 855-511-1893, or with monthly statements mailed directly to you at home.
- If you join the CDHP during Open Season, you receive the full PCA \$1,200 for Self Only, \$2,400 for Self Plus One, or \$2,400 for Self and Family as of your effective date of coverage. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$100 per month for Self Only or \$200 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- If you join Value Option during Open Season, you receive the full PCA of \$100 per Self Only, \$200 for Self Plus One, or \$200 per Self and Family as of your effective date of coverage. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$8.33 per month for Self Only or \$16.67 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- Unused PCA benefits are forfeited when leaving this Plan.
- If PCA benefits are available in your account at the time a claim is processed, out-of-pocket expenses will be paid from your PCA regardless of the date the expense was incurred.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9 for information about how we pay if you have other coverage or if you are age 65 or over.
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A MINIMUM \$500 PENALTY.** Please refer to the precertification information shown in Section 3 to confirm which services require precertification.

Benefit description	You pay												
There is no calendar year deductible for In-Network preventive care under the CDHP/Value Option.													
<b>Personal Care Account for CDHP and Value Option</b>	<b>CDHP/Value Option</b>												
<p>A CDHP Personal Care Account (PCA) is provided by the Plan for each Open Season enrollment. See the Important section for enrollments outside of Open Season. Each full year the Plan adds to your account:</p> <ul style="list-style-type: none"> <li>• \$1,200 per year for Self Only</li> <li>• \$2,400 per year for Self Plus One or</li> <li>• \$2,400 per year for Self and Family</li> </ul> <p>The CDHP PCA covers eligible expenses at 100%. For example, if you are ill and go to a network doctor for a \$60 visit, the doctor will submit your claim and the cost of the visit will be deducted automatically from your PCA; you pay nothing.</p> <table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 70%;">Balance in CDHP PCA for Self Only</td> <td style="text-align: right;">\$1,200</td> </tr> <tr> <td>Less: Cost of visit</td> <td style="text-align: right;"><u>-60</u></td> </tr> <tr> <td>Remaining Balance in CDHP PCA</td> <td style="text-align: right;">\$1,140</td> </tr> </table> <p>A Value Option PCA is provided by the Plan for each enrollment. Each year the Plan adds to your account:</p> <ul style="list-style-type: none"> <li>• \$100 per year for Self Only</li> <li>• \$200 per year for Self Plus One or</li> <li>• \$200 per year for Self and Family</li> </ul> <p>The PCA covers eligible expenses at 100%. <p><i>Not covered:</i></p> <ul style="list-style-type: none"> <li>• <i>Orthodontia</i></li> <li>• <i>Dental treatment for cosmetic purposes including teeth whitening</i></li> <li>• <i>Out-of-network preventive care services not included under CDHP Section 5(a)</i></li> <li>• <i>Services or supplies shown as not covered under Traditional Health Coverage (see CDHP and Value Option Section 5(c))</i></li> </ul>	<i>All charges</i>

**PCA**

**Rollover**

As long as you remain in this Plan, any unused remaining balance in your PCA at the end of the calendar year may be rolled over to subsequent years. The maximum amount allowed in your PCA in any given year may not exceed \$5,000 for Self Only, \$10,000 for Self Plus One, or \$10,000 for Self and Family.

## Section 5. Traditional Health Coverage

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- When you enroll in a Consumer Driven Health Plan (CDHP) during Open Season, we will give you a Personal Care Account (PCA) credit in the amount of \$1,200 for Self Only, \$2,400 for Self Plus One, or \$2,400 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$100 per month for Self Only or \$200 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- When you enroll in the Value Option during Open Season, we will give you a Personal Care Account (PCA) credit in the amount of \$100 for Self Only, \$200 for Self Plus One, or \$200 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$8.33 per month for Self Only or \$16.67 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- In-Network Preventive Care is covered at 100% under CDHP/Value Option and does not count against your PCA when you are enrolled in the CDHP/Value Option.
- Your PCA must be used first for eligible healthcare expenses when you are enrolled in the CDHP/Value Option.
- Your deductible applies to all benefits in this section. When you are enrolled in the CDHP/Value Option and your PCA has exhausted, you must meet your deductible before your Traditional Health Coverage may begin.
- The CDHP/Value Option provides coverage for both In-Network and Out-of-Network providers. The Out-of-Network benefits are the standard benefits under the Traditional Health Coverage. In-Network benefits apply only when you use an In-Network provider. When an In-network provider is not available, Out-of-Network benefits apply.
- Please keep in mind that when you use an In-Network hospital or an In-Network physician, some of the professionals that provide related services may **not** all be preferred providers. If they are not, they will be paid as Out-of-Network providers. However, we will process charges for the laboratory, the administration of anesthesia and the emergency room visit billed by Out-of-Network providers at the In-Network benefit level, based on the Plan allowance, if the services are rendered at an In-Network hospital or In-Network ambulatory surgical center.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9 for information about how we pay if you have other coverage or if you are age 65 or over.
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A MINIMUM \$500 PENALTY.** Please refer to the precertification information shown in Section 3 to confirm which services require precertification.

Benefit Description	You pay	
<b>Deductible before Traditional Health Coverage begins (CDHP/Value Option)</b>	<b>CDHP</b>	<b>Value Option</b>
<p>If you are enrolled in the CDHP/Value Option and your PCA has exhausted, you must satisfy your calendar year deductible before your Traditional Health Coverage begins.</p> <p>Your deductible is \$2,000 for Self Only, \$4,000 for Self Plus One, or \$4,000 for Self and Family for In-Network providers. Your deductible for Out-of-Network providers is \$4,000 for Self Only, \$8,000 for Self Plus One, or \$8,000 for Self and Family. See Section 4. <i>Your Costs for Covered Services</i> for more information.</p> <p>Note: You must use any available PCA benefits, including any amounts rolled over from previous years, before Traditional Health Coverage begins when you are enrolled in the CDHP/Value Option.</p> <p>See the table below for how your PCA and deductible work.</p> <p><b>CDHP</b>  <b>Expenses paid by PCA:</b> \$1,200 Self Only/\$2,400 Self Plus One/\$2,400 Self and Family  <b>Deductible paid by you:</b> \$800/Self Only/\$1,600 Self Plus One/\$1,600 Self and Family  <b>Traditional Health Coverage starts after:</b> \$2,000 Self Only/\$4,000 Self Plus One/\$4,000 Self and Family</p> <p><b>CDHP:</b>  Any PCA dollars that you rollover at the end of the year will reduce your deductible next year up to the maximum amount allowed in your PCA of \$5,000 for Self Only, or \$10,000 for Self Plus One, or \$10,000 for Self and Family.</p> <p>In future years, the amount of your deductible may be lower if you rollover PCA dollars at the end of the year. For example, if you rollover \$300 at the end of the year:</p> <p><b>CDHP</b>  <b>PCA for year 2/Rollover from year 1:</b> \$1,200 + \$300 = \$1,500 Self Only/\$2,400 + \$300 = \$2,700 Self Plus One/\$2,400 + \$300 = \$2,700 Self and Family  <b>Deductible paid by you:</b> + \$500 Self Only/+\$1,300 Self Plus One/+\$1,300 Self and Family  <b>Traditional Health Coverage starts when eligible expenses total:</b> \$2,000 Self Only/\$4,000 Self Plus One/\$4,000 Self and Family</p>	<p>In-Network: \$800 per Self Only, \$1,600 per Self Plus One, or \$1,600 per Self and Family</p> <p>Out-of-Network: \$2,800 per Self Only, \$5,600 per Self Plus One, or \$5,600 per Self and Family</p> <p>The “You pay” shown above may be reduced for year 2 due to any rollover amount in your PCA.</p>	

*Deductible before Traditional Health Coverage begins (CDHP/Value Option) - continued on next page*

Benefit Description	You pay	
<b>Deductible before Traditional Health Coverage begins (CDHP/Value Option) (cont.)</b>	<b>CDHP</b>	<b>Value Option</b>
<p>If you are enrolled in the CDHP/Value Option and your PCA has exhausted, you must satisfy your calendar year deductible before your Traditional Health Coverage begins.</p> <p>Your deductible is \$2,000 for Self Only, \$4,000 for Self Plus One, or \$4,000 for Self and Family for In-Network providers. Your deductible for Out-of-Network providers is \$4,000 for Self Only, \$8,000 for Self Plus One, or \$8,000 for Self and Family. See Section 4. <i>Your Costs for Covered Services</i> for more information.</p> <p>Note: You must use any available PCA benefits, including any amounts rolled over from previous years, before Traditional Health Coverage begins when you are enrolled in the CDHP/Value Option.</p> <p>See the table below for how your PCA and deductible work.</p> <p><b>Value Option</b>  <b>Expenses paid by PCA:</b> \$100 Self Only/\$200 Self Plus One/\$200 Self and Family  <b>Deductible paid by you:</b> \$1,900/Self Only/\$3,800 Self Plus One/\$3,800 Self and Family  <b>Traditional Health Coverage starts after:</b> \$2,000/Self Only/\$4,000 Self Plus One/\$4,000 Self and Family</p> <p><b>Value Option:</b></p> <p>Any PCA dollars that you rollover at the end of the year will reduce your deductible next year up to the maximum amount allowed in your PCA of \$5,000 for Self Only, \$10,000 for Self Plus One, or \$10,000 for Self and Family.</p> <p>In future years, the amount of your deductible may be lower if you rollover PCA dollars at the end of the year. **Section 5. Preventive Care**

**Important things you should keep in mind about these In-Network preventive care benefits:**

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Under the CDHP/Value Option, the Plan pays 100% for the Preventive Care services listed in this Section as long as you use an In-Network provider.
- For preventive care not listed in this Section or for preventive care from an Out-of-Network provider, please see CDHP/Value Option Section 5. *Personal Care Account* when you are enrolled in the CDHP/Value Option.
- For all other covered expenses, please see CDHP/Value Option Section 5. *Traditional Health Coverage*. If you are enrolled in CDHP/Value Option also see CDHP/Value Option Section 5. *Personal Care Account*.
- Note that the In-Network preventive care paid under this Section does NOT count against or use up your Personal Care Account (PCA) when you are enrolled in the CDHP/Value Option.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage or if you are age 65 or over.
- Please keep in mind that when you use an In-Network hospital or In-Network physician, some of the professionals that provide related services may **not** all be In-Network providers. If they are not, they will be paid as Out-of-Network providers. However, we will process charges for the laboratory, the administration of anesthesia and the emergency room visit billed by Out-of-Network providers at the In-Network benefit level, based on the Plan allowance, if the services are rendered at an In-Network hospital or In-Network ambulatory surgical center.

## Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- When you enroll in the CDHP during Open Season, we will give you a Personal Care Account (PCA) in the amount of \$1,200 for Self Only, \$2,400 for Self Plus One, or \$2,400 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$100 per month for Self Only or \$200 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- When you enroll in the Value Option during Open Season, we will give you a PCA in the amount of \$100 for Self Only, \$200 for Self Plus One, or \$200 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$8.33 per month for Self Only or \$16.67 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- In-Network Preventive Care is covered at 100% under Section 5 and does not count against your PCA when you are enrolled in the CDHP/Value Option Plan.
- Your PCA must be used first for eligible healthcare expenses when you are enrolled in the CDHP/Value Option Plan.
- If your PCA has been exhausted, you must meet your deductible before your Traditional Health Coverage may begin.
- Your deductible applies to almost all benefits in this Section. We say "(No deductible)" when the deductible does not apply.
- The CDHP/Value Option provide coverage for both In-Network and Out-of-Network providers. The Out-of-Network benefits are the standard benefits under the Traditional Health Coverage. In-Network benefits apply only when you use an In-Network provider. When an In-Network provider is not available, Out-of-Network benefits apply.
- Please keep in mind that when you use an In-Network hospital or an In-Network physician, some of the professionals that provide related services may not all be preferred providers. If they are not, they will be paid as Out-of-Network providers. However, we will process charges for the laboratory, the administration of anesthesia and the emergency room visit billed by Out-of-Network providers at the In-Network benefit level, based on the Plan allowance, if the services are rendered at an In-Network hospital or In-Network ambulatory surgical center.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A MINIMUM \$500 PENALTY.** Please refer to precertification information in Section 3 to be sure which procedures require precertification.
- **YOU MUST GET PRIOR AUTHORIZATION FOR APPLIED BEHAVIORAL ANALYSIS (ABA) THERAPY.** FAILURE TO DO SO WILL RESULT IN A DENIAL OF BENEFITS. Please refer to prior authorization information in Section 3.
- **YOU MUST GET PRIOR APPROVAL FOR GENETIC TESTING.** FAILURE TO DO SO WILL RESULT IN A DENIAL OF BENEFITS. Please refer to prior authorization information in Section 3.

Benefit Description	You pay After the calendar year deductible. . .	
<p><b>Note: The calendar year deductible applies to almost all benefits in this Section. We say "(No deductible)" when the deductible does not apply.</b></p>

## Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- When you enroll in the Consumer Driven Health Plan during Open Season, we will give you a Personal Care Account (PCA) in the amount of \$1,200 for Self Only, \$2,400 for Self Plus One, or \$2,400 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$100 per month for Self Only or \$200 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- When you enroll in the Value Option during Open Season, we will give you a PCA in the amount of \$100 for Self Only, \$200 for Self Plus One, or \$200 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$8.33 per month for Self Only or \$16.67 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- In-Network Preventive Care is covered at 100% under Section 5 and does not count against your PCA when you are enrolled in the CDHP/Value Option.
- Your PCA must be used first for eligible healthcare expenses when you are enrolled in the CDHP/ Value Option Plan.
- If your PCA has been exhausted, you must meet your deductible before your Traditional Health Coverage may begin.
- Your deductible applies to almost all benefits in this Section. We say "(No deductible)" when the deductible does not apply.
- The CDHP/Value Option provides coverage for both In-Network and Out-of-Network providers.
- The Out-of-Network benefits are the standard benefits under the Traditional Health Coverage. In-Network benefits apply only when you use an In-Network provider. When an In-Network provider is not available, Out-of-Network benefits apply.
- Please keep in mind that when you use an In-Network hospital or an In-Network physician, some of the professionals that provide related services may not all be preferred providers. If they are not, they will be paid as Out-of-Network providers. However, we will process charges for the laboratory, the administration of anesthesia and the emergency room visit billed by Out-of-Network providers at the In-Network benefit level, based on the Plan allowance, if the services are rendered at an In-Network hospital or In-Network ambulatory surgical center.
- Be sure to read Section 4. Your Costs for Covered Services, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- The services listed below are for the charges billed by a physician or other healthcare professional for your surgical care. See CDHP/Value Option Section 5(c). Services Provided by a Hospital or Other Facility, and Ambulance Services, for charges associated with a facility (i.e., hospital, surgical center, etc.).
- **YOU MUST GET PRIOR APPROVAL FOR ORGAN/TISSUE TRANSPLANTS.** See CDHP/Value Option Section 5(b). Organ/tissue transplants.
- **YOU MUST GET PRIOR APPROVAL FOR SPINAL SURGERIES PERFORMED IN AN INPATIENT OR OUTPATIENT SETTING.** Call 855-511-1893 to obtain prior approval.
- **YOU MUST GET PRIOR APPROVAL FOR GENDER REASSIGNMENT SURGERY. FAILURE TO DO SO WILL RESULT IN A DENIAL OF BENEFITS.** See Section 3. How You Get Care.

- YOU MUST GET PRIOR AUTHORIZATION FOR CERTAIN MUSCULOSKELETAL PROCEDURES. FAILURE TO DO SO MAY RESULT IN A DENIAL OF BENEFITS. Please refer to prior authorization information in Section 3.
- Not all surgical procedures require prior approval. You may contact Cigna at 855-511-1893 to determine coverage for the surgical procedure prior to the service being rendered.

**Benefit Description**

**You pay  
After calendar year deductible. . .**

**Note: The calendar year deductible applies to almost all benefits in this Section.  
We say "(No deductible)" when the deductible does not apply.**

	CDHP	Value Option
<b>Organ/tissue transplants (cont.)</b>		
Charges for services performed by a Cigna <b>LifeSOURCE</b> Transplant Network® provider, whether incurred by the recipient or the donor, are paid at 80% including inpatient hospital, surgical and any other medical expenses. Participants in the program must obtain prior approval from the Cigna LifeSOURCE Transplant Network® to receive limited travel and lodging benefits.	20% of the Plan allowance for services obtained through the Cigna <b>LifeSOURCE</b> Transplant Network®	20% of the Plan allowance for services obtained through the Cigna <b>LifeSOURCE</b> Transplant Network®
Limited Benefits—If you do not obtain prior approval or do not use a designated facility, or if we are not the primary payor, we pay a maximum of \$100,000 for each listed transplant (kidney limit, \$50,000), for these combined expenses: pre-transplant evaluation; organ procurement; and inpatient hospital, surgical and medical expenses. We pay benefits according to the appropriate benefit section, such as CDHP/Value Option Section 5(c). <i>Inpatient hospital</i> , and <i>Surgical procedures</i> in this section. The limitation applies to expenses incurred by either the recipient or donor.  Note: Some transplants listed may not be covered through the Cigna <b>LifeSOURCE</b> Transplant Network®.  Note: We cover related medical and hospital expenses of the donor only when we cover the recipient. ## Section 5(c). Services Provided by a Hospital or Other Facility, and Ambulance Services

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- When you enroll in the CDHP during Open Season, we will give you a Personal Care Account (PCA) in the amount of \$1,200 for Self Only, \$2,400 for Self Plus One, or \$2,400 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$100 per month for Self Only or \$200 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- When you enroll in the Value Option during Open Season, we will give you a PCA in the amount of \$100 for Self Only, or \$200 for Self Plus One, or \$200 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$8.33 per month for Self Only or \$16.67 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- In-Network Preventive Care is covered at 100% under CDHP/Value Option Section 5 and does not count against your PCA when you are enrolled in the CDHP/Value Option plan.
- Your PCA must be used first for eligible healthcare expenses when you are enrolled in the CDHP/Value Option plan.
- If your PCA has been exhausted, you must meet your deductible before your Traditional Health Coverage may begin.
- Your deductible applies to almost all benefits in this Section. We say "(No deductible)" when the deductible does not apply.
- The CDHP/Value Option provides coverage for both In-Network and Out-of-Network providers.
- The Out-of-Network benefits are the standard benefits under the Traditional Health Coverage. In-Network benefits apply only when you use a network provider. When a network provider is not available, Out-of-Network benefits apply.
- Please keep in mind that when you use an In-Network hospital or an In-Network physician, some of the professionals that provide related services may **not** all be preferred providers. If they are not, they will be paid as Out-of-Network providers. However, we will process charges for the laboratory, the administration of anesthesia and the emergency room visit billed by Out-of-Network providers at the In-Network benefit level, based on the Plan allowance, if the services are rendered at an In-Network hospital or In-Network ambulatory surgical center.
- Charges billed by a facility for implantable devices, surgical hardware, etc., are subject to the Plan allowance which is based on the provider's cost plus a reasonable handling fee. The manufacturer's invoice that includes a description and cost of the implantable device or hardware may be required in order to determine benefits payable.
- The amounts listed below are for charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. See CDHP/Value Option Sections 5(a) or (b) for costs associated with the professional charge (i.e., physicians, etc.).
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A \$500 PENALTY.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification.

Benefit Description	You pay After the calendar year deductible. . .	
<p><b>Note: The calendar year deductible applies to almost all benefits in this Section. We say "(No deductible)" when the deductible does not apply.</b></p>

## Section 5(d). Emergency Services/Accidents

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- When you enroll in the Consumer Driven Health Plan (CDHP) during Open Season, we will give you a Personal Care Account (PCA) in the amount of \$1,200 for Self Only, \$2,400 for Self Plus One, or \$2,400 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$100 per month for Self Only or \$200 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- When you enroll in the Value Option during Open Season, we will give you a Personal Care Account (PCA) in the amount of \$100 for Self Only, \$200 for Self Plus One, or \$200 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$8.33 per month for Self Only or \$16.67 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- In-Network Preventive Care is covered at 100% under CDHP/Value Option plans and does not count against your PCA.
- Your PCA must be used first for eligible healthcare expenses when you are enrolled in the CDHP/Value Option.
- If your PCA has been exhausted, you must meet your deductible before your Traditional Health Coverage may begin.
- Your deductible applies to all benefits in this Section.
- The CDHP/Value Option provides coverage for both In-Network and Out-of-Network providers.
- The Out-of-Network benefits are the standard benefits under the Traditional Health Coverage. In-Network benefits apply only when you use a network provider. When a network provider is not available, Out-of-Network benefits apply.
- Please keep in mind that when you use an In-Network hospital or an In-Network physician, some of the professionals that provide related services may **not** all be preferred providers. If they are not, they will be paid as Out-of-Network providers. However, we will process charges for the laboratory, the administration of anesthesia and the emergency room visit billed by Out-of-Network providers at the In-Network benefit level, based on the Plan allowance, if the services are rendered at an In-Network hospital or In-Network ambulatory surgical center.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9 for information about how we pay if you have other coverage or if you are age 65 or over.
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A MINIMUM \$500 PENALTY.** Please refer to the precertification information shown in Section 3 to confirm which services require precertification.

**What is an accidental injury?** An accidental injury is a bodily injury sustained solely through violent, external, and accidental means.

**What is a medical emergency condition?** A medical emergency condition is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Medical emergency conditions, if not treated promptly, might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that are medical emergencies--what they all have in common is the need for quick action in order to avoid bodily injury, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part.

**What are medical emergency services?** If you have a medical emergency condition, medical emergency services include a medical screening examination that is within the capability of the emergency department of a hospital, ancillary services routinely available to the emergency department to evaluate a medical emergency condition, further medical examination and treatment within the capabilities of the emergency facility, and stabilization of the emergency condition.

Benefit Description	You pay After the calendar year deductible . . .	
Accidental injury	CDHP	Value Option
<p>If you receive the care within 72 hours after your accidental injury, we cover:</p> <ul style="list-style-type: none"> <li>• Related nonsurgical treatment, including office or outpatient services and supplies</li> <li>• Related surgical treatment, limited to:                             <ul style="list-style-type: none"> <li>- Simple repair of a laceration (stitching of a superficial wound)</li> <li>- Immobilization by casting, splinting, or strapping of a sprain, strain, or fracture</li> </ul> </li> <li>• Local professional ambulance service to the nearest outpatient hospital equipped to handle your condition when medically necessary</li> </ul> <p>Note: For surgeries related to your accidental injury not listed above, see CDHP/Value Option Section 5(b). <i>Surgical procedures.</i></p> <p>Note: We pay inpatient professional, outpatient observation room and all related services, and/or hospital benefits when you are admitted. See CDHP/Value Option Section 5(a). <i>Diagnostic and treatment services</i>, CDHP/Value Option Section 5(b). <i>Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professions</i>, and CDHP/Value Option Section 5(c). <i>Services Provided by a Hospital or Other Facility, and ambulance services.</i></p>	<p>In-Network: 20% of the Plan allowance</p> <p>Out-of-Network: 50% of the Plan allowance and the difference, if any, between our allowance and the billed amount</p>	<p>In-Network: 20% of the Plan allowance</p> <p>Out-of-Network: 50% of the Plan allowance and the difference, if any, between our allowance and the billed amount</p>

## Section 5(e). Mental Health and Substance Use Disorder Benefits

### You may choose to get care In-Network or Out-of-Network.

When you receive care, you must get our approval for services. If you do, cost-sharing and limitations for mental health and substance use disorder benefits will be no greater than for similar benefits for other illnesses and conditions.

### Important things to keep in mind about these benefits:

- When you enroll in the CDHP during Open Season, we give you a Personal Care Account (PCA) in the amount of \$1,200 for Self Only, \$2,400 for Self Plus One, or \$2,400 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$100 per month for Self Only or \$200 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- When you enroll in the Value Option during Open Season, we will give you a PCA in the amount of \$100 for Self Only, \$200 for Self Plus One, or \$200 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$8.33 per month for Self Only or \$16.67 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- Your PCA must be used first for eligible healthcare expenses when you are enrolled in the CDHP/ Value Option plan.
- If your PCA has been exhausted, you must meet your deductible before your Traditional Health Coverage may begin.
- Your deductible applies to all benefits in this Section.
- The CDHP/Value Option provide coverage for both In-Network and Out-of-Network providers.
- The Out-of-Network benefits are the standard benefits under Traditional Health Coverage. In-Network benefits apply only when you use a network provider. When a network provider is not available, Out-of-Network benefits apply.
- Please keep in mind that when you use an In-Network hospital or an In-Network physician, some of the professionals that provide related services may **not** all be preferred providers. If they are not, they will be paid as Out-of-Network providers.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS. FAILURE TO DO SO WILL RESULT IN A \$500 PENALTY.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification.
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

**Precertification**

Call 855-511-1893 to locate In-Network clinicians who can best meet your needs.

For services that require precertification, you must follow all of the following network precertification processes:

- Call 855-511-1893 to receive precertification for an inpatient hospital stay when we are your primary payor. You and your provider will receive written confirmation of the precertification from Cigna Behavioral Health for the initial and any ongoing authorizations.

Note: You do not need to precertify treatment for mental health and substance use disorder services rendered outside of the United States.

- When Medicare is your primary payor, call Cigna at 855-511-1893 to precertify treatment if:
  - Medicare does not cover your services; or
  - Medicare hospital benefits are exhausted and you do not want to use your Medicare lifetime reserve days.

Note: You do not need to precertify treatment when Medicare covers your services.

**Where to file claims**

Claims should be submitted to:

NALC CDHP or Value Option  
 PO BOX 188050  
 Chattanooga, TN 37422-8050  
 Questions? 855-511-1893

Note: If you are using an In-Network provider for mental health or substance use disorder treatment, you will not have to submit a claim. In-Network providers are responsible for filing.

## Section 5(f). Prescription Drug Benefits

### Important things to keep in mind about these benefits:

- When you enroll in the CDHP during Open Season, we will give you a Personal Care Account (PCA) in the amount of \$1,200 for Self Only, \$2,400 for Self Plus One, or \$2,400 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$100 per month for Self Only or \$200 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- When you enroll in the Value Option during Open Season, we will give you a PCA in the amount of \$100 for Self Only, or \$200 for Self Plus One, or \$200 for Self and Family. If you join at any other time during the year, your PCA for your first year will be prorated at a rate of \$8.33 per month for Self Only or \$16.67 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year.
- Your PCA must be used first for eligible healthcare expenses when you are enrolled in the CDHP/ Value Option Plan.
- If your PCA has been exhausted, you must satisfy your calendar year deductible before your Traditional Health Coverage may begin.
- Your deductible applies to almost all benefits in this Section. We say "(No deductible)" when the deductible does not apply.
- We cover prescribed medications and supplies as described in the chart beginning on page xxx.
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Federal law prevents the pharmacy from accepting unused medications.
- Members must make sure their prescribers obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- **SOME DRUGS REQUIRE PRIOR APPROVAL** before we provide benefits for them. Refer to the dispensing limitations in this Section for further information.
- Maximum dosage dispensed may be limited by protocols established by the Plan.
- In the event of a disaster or an emergency where additional or early fills of medications are needed, call the Plan at 703-729-4677 or 888-636-NALC (6252) for authorization.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.

### There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician or dentist, and in states allowing it, licensed/certified providers with prescriptive authority prescribing within their scope of practice.
- **Where you can obtain them.** You may fill the prescription at a network pharmacy, a non-network pharmacy, or by mail. We provide a higher level of benefits when you purchase your generic drug through our mail order program.
  - **Network pharmacy**—Present your Plan identification card at an NALC CareSelect Network pharmacy to purchase prescription drugs. Call 800-933-NALC (6252) to locate the nearest network pharmacy.
  - **Non-network pharmacy**—You may purchase prescriptions at pharmacies that are not part of our network. You pay full cost and must file a claim for reimbursement. See *When you have to file a claim* in this Section.
  - **Mail order**—Complete the patient profile/order form. Send it along with your prescription(s) and payment, in the pre-addressed envelope to: NALC Prescription Drug Program, P.O. Box 659541, San Antonio, TX 78265-9541 or NALC Prescription Drug Program, P.O. Box 1330, Pittsburgh, PA 15230-9906.

- **We use a formulary.** Your prescription drug plan, through CVS Caremark®, includes a formulary drug list. Formularies are developed by an independent panel of doctors and pharmacists who ensure medications are clinically appropriate and cost effective. Our formulary list is called the NALC Health Benefit Plan Formulary Drug List with Advanced Control Specialty Formulary. Certain non-formulary drugs may only be covered with prior authorization. If your physician believes a brand name drug is necessary, or if there is no generic available, ask your physician to prescribe a formulary brand name drug from this list. You will pay the appropriate retail coinsurance and mail order copayment amounts for generic and formulary brand name drugs on the list. Your out-of-pocket costs will be higher for non-formulary drugs that are not on the list. You may order a copy of the list of drugs by calling 800-933-NALC (6252).

If your prescriber believes you should use a medication that is not on the standard formulary, you must contact CVS Caremark® at 800-294-5979 to obtain prior authorization. Your healthcare provider will be asked to provide documentation for consideration of use of the non-formulary medication. You must periodically renew prior approval for certain drugs.

- **These are the dispensing limitations.**

- For prescriptions purchased at NALC CareSelect pharmacies you may obtain up to a 30-day fill plus one refill.
- Maintenance and long-term medications may be ordered through our Mail Order Prescription Drug Program for up to a 90-day supply (21-day minimum). The 21-day minimum does not apply to specialty drugs ordered through CVS Specialty™.
- You may also purchase up to a 90-day supply (84-day minimum) of covered drugs and supplies at a CVS Caremark® Pharmacy through our Maintenance Choice Program. You will pay the applicable mail order copayment for each prescription purchased.

Most prescriptions can be filled after 75% of the drug has been used. However, individual pharmacists may refuse to fill or refill a prescription if there is a question about the order's accuracy, validity, authenticity, or safety to the patient, based on the pharmacist's professional judgement. Network retail pharmacy limitations are waived when you have Medicare Part D as your primary payor and they cover the drug.

You may obtain up to a 30-day fill and unlimited refills for each prescription purchased at a non-network retail pharmacy; however, if you purchase more than two fills, you will need to file a paper claim to receive reimbursement. When you use a non-network pharmacy, your cost-sharing will be higher.

Specialty drugs generally include, but may not be limited to, drugs and biologics (medications created from living cells cultured in a laboratory) that may be complex to manufacture, can have routes of administration more challenging to administer (injectable, infused, inhaled, topical, and oral), may have special handling requirements, may require special patient monitoring, and may have special programs mandated by the FDA to control and monitor their use. These drugs are typically used to treat chronic, serious, or life-threatening conditions. Examples of such conditions include, but are not limited to, myelogenous leukemia (AML), cancer, Crohn's disease, cystic fibrosis, growth hormone disorder, hemophilia, hepatitis C, HIV, immune deficiencies, multiple sclerosis, osteoarthritis, psoriasis, and rheumatoid arthritis. Specialty drugs are often priced much higher than traditional drugs.

- All specialty drugs require preauthorization and may include step therapy; call CVS Specialty™ at 800-237-2767. Our benefit includes the Advanced Control Specialty Formulary® that includes a step therapy program and uses evidence-based protocols that require the use of a preferred drug(s) before non-preferred specialty drugs are covered. The Advanced Control Specialty Formulary® is designed as a specialty drug formulary that includes generics and clinically effective brands as determined through clinical evidence. The therapy classes chosen for Advanced Control Specialty Formulary® have multiple specialty drugs available that are considered therapeutically equivalent (similar safety and efficacy), thus providing the opportunity to utilize the lowest cost drug(s). In addition, categories, therapies and tiering changes could be updated every quarter and added to the formulary. Please refer to the Advanced Control Specialty Formulary® drug list for more information about the drugs and classes.
- All specialty drugs must be purchased through CVS Specialty™.
- Some specialty medications may qualify for third party copayment assistance programs which could lower your out-of-pocket costs for those medications. When specialty medication is purchased with a third party copayment assistance coupon, rebate, or card, the Plan will not apply the amount of the discount towards your out-of-pocket maximum or deductible.
- The Specialty Connect feature allows you to submit your specialty medication prescription to your local CVS Pharmacy. See Section 5(h). *Wellness and Other Special Features* or call 800-237-2767 for more information.

**Note:** Decisions about prior approval are based on evidence-based guidelines developed by CVS Caremark® Pharmacy's clinical team and include, but are not limited to, FDA approved indications and/or independent expert panels.

We require prior authorization (PA) for certain drugs to ensure safety, clinical appropriateness and cost effectiveness. PA criteria is designed to determine coverage and help to promote safe and appropriate use of medications. Medications for anti-narcolepsy, ADD/ADHD, certain analgesics, and certain opioids, 510K dermatological products, and artificial saliva will require PA. In certain circumstances, a PA may require the trial of a more appropriate first line agent before the drug being requested is approved. Occasionally, as part of regular review, we may recommend that the use of a drug is appropriate only with limits on its quantity, total dose, duration of therapy, age, gender or specific diagnoses. To obtain a list of drugs that require PA, please visit our website, [www.nalchbp.org](http://www.nalchbp.org) or call 888-636-NALC (6252).

We periodically review and update the PA drug list in accordance with the guidelines set by the U.S. Food and Drug Administration (FDA), as a result of new drugs, new generic drugs, new therapies and other factors. Call CVS Caremark® at 800-933-NALC (6252) to obtain prior authorization.

A compound drug is a medication made by combining, mixing or altering ingredients in response to a prescription, to create a customized drug that is not otherwise commercially available. Certain compounding chemicals (over-the-counter (OTC) products, bulk powders, bulk chemicals and proprietary bases) are not covered through the prescription benefit and will be determined through preauthorization. Refill limits may apply.

- **All compound drugs require prior authorization. Call CVS Caremark® at 800-933-NALC (6252) to obtain authorization.**
- **A generic equivalent will be dispensed if it is available, unless your physician specifically requires a brand name.** If you receive a brand name drug when a federally-approved generic drug is available, and your physician has not specified "Dispense as Written" for the brand name drug, you have to pay the difference in cost between the brand name drug and the generic.
- **Why use generic drugs?** Generic drugs offer a safe and economic way to meet your prescription drug needs. The generic name of a drug is its chemical name. The brand name is the name under which the manufacturer advertises and sells a drug. Under federal law, generic and brand name drugs must meet the same standards for safety, purity, strength, and effectiveness. A generic drug costs you—and us—less than a brand name drug.
- **When you have Medicare Part D.** We waive the following at retail when Medicare Part D is primary payor and covers the drug:
  - Refill limitations
  - Day supply

Note: See Section 9. *Coordinating Benefits with Medicare and Other Coverage*, for more information on Medicare Part D.

- **When you have to file a claim.** If you purchase prescriptions at a non-network pharmacy, foreign/overseas pharmacy, or elect to purchase additional 30-day refills at a network pharmacy, complete the short-term prescription claim form. Mail it with your prescription receipts to the NALC Prescription Drug Program. Receipts must include the patient's name, prescription number, medication NDC number or name of drug, prescribing doctor's name, date of fill, total charge, metric quantity, days' supply, and pharmacy name and address or pharmacy NABP number.

When you have other prescription drug coverage, and the other carrier is primary, use that carrier's drug benefit first. After the primary carrier has processed the claim, and made a payment, we will pay as secondary up to our Plan limit. If no payment is made by the primary payor, complete the short-term prescription claim form, attach the drug receipts and other carrier's reason for denial and mail to: NALC Prescription Drug Program, P.O. Box 52192, Phoenix, AZ 85072-2192.

Note: If you have questions about the Program, wish to locate an NALC CareSelect Network retail pharmacy, or need additional claim forms, call 800-933-NALC (6252) 24 hours a day, 7 days a week.

Benefit Description	You pay After the calendar year deductible. . .	
<p><b>Note: The calendar year deductible applies to almost all benefits in this Section. We say "(No deductible)" when the deductible does not apply.</b></p>

Special features	Description
<b>Care support</b>	<p>A 24-hour nurse advisory service for your use. This program is strictly voluntary and confidential. You may call toll-free at 855-511-1893 to discuss an existing medical concern or to receive information about numerous healthcare and self-care issues. This also includes health coaching with a registered nurse when you want to discuss significant medical decisions.</p> <p>Identification and notification of potential patient safety issues (e.g., drug interactions). Individual support with a healthcare professional for numerous medical conditions including maternity, asthma, diabetes, congestive heart failure, healthy back and more.</p>
<b>Complex and Chronic Disease Management Program</b>	<p>Accordant Health Management offers programs for the following complex chronic medical conditions:</p> <ul style="list-style-type: none"> <li>• Amyotrophic Lateral Sclerosis (ALS-Lou Gehrig's Disease)</li> <li>• Chronic Inflammatory Demyelinating Polyradiculoneuropathy (CIDP)</li> <li>• Crohn's Disease</li> <li>• Cystic Fibrosis (CF)</li> <li>• Dermatomyositis</li> <li>• Gaucher Disease</li> <li>• Hemophilia</li> <li>• Hereditary Angioedema</li> <li>• Human Immunodeficiency Virus (HIV)</li> <li>• Multiple Sclerosis (MS)</li> <li>• Myasthenia Gravis (MG)</li> <li>• Parkinson's Disease (PD)</li> <li>• Polymyositis</li> <li>• Rheumatoid Arthritis (RA)</li> <li>• Scleroderma</li> <li>• Seizure disorders (Epilepsy)</li> <li>• Sickle Cell Disease (SCD)</li> <li>• Systemic Lupus Erythematosus (SLE)</li> <li>• Ulcerative Colitis</li> </ul> <p>For more information on the Accordant Health Management programs, please call toll-free 844-923-0805.</p>
<b>Consumer choice information</b>	<p>Each member is provided access through <a href="http://www.mycigna.com">www.mycigna.com</a> or by telephone at 855-511-1893 to information which you may use to support your important health and wellness decisions, including:</p> <ul style="list-style-type: none"> <li>• Online provider directory with complete national network and provider information (i. e., address, telephone, specialty, practice hours, languages spoken)</li> <li>• Network provider fees for comparative shopping</li> <li>• General cost information for surgical and diagnostic procedures, and for comparison of different treatment options and out-of-pocket estimates</li> <li>• Provider quality information</li> <li>• Health calculators on medical and wellness topics</li> </ul>

Special features	Description
<p><b>Diabetes care management program – Transform Care</b></p>	<p>This program helps deliver better overall care and lower costs for members with diabetes. Your enrollment in this program includes a connected glucometer, unlimited test strips and lancets, medication therapy counseling from a pharmacist, two annual diabetes screenings at a CVS MinuteClinic® and a suite of digital resources through the CVS mobile App, all at no cost. Please call CVS Caremark® at 800-933-NALC (6252) for more information.</p>
<p><b>Disease management program - Gaps in Care</b></p>	<p>This program integrates medical, pharmacy, and laboratory data to identify and address members’ gaps in care. Gaps in care occur when individuals do not receive or adhere to care that is consistent with medically proven guidelines for prevention or treatment. This is an outreach program for both you and your physician. Members and their physicians are informed by mail of potential gaps and are instructed on how to improve adherence to existing therapies. Some examples are: diabetes, hypertension, and cardiac disorders.</p>
<p><b>Disease management program - Your Health First</b></p>	<p>Through a clinical identification process, individuals are identified who have a chronic health condition such as asthma, COPD, depression, diabetes, or heart disease. Health advocates trained as nurses, coaches, nutritionists and clinicians use a one-on-one approach to help individuals:</p> <ul style="list-style-type: none"> <li>• Recognize worsening symptoms and know when to see a doctor</li> <li>• Establish questions to discuss with their doctor</li> <li>• Understand the importance of following doctors’ orders</li> <li>• Develop health habits related to nutrition, sleep, exercise, weight, tobacco and stress</li> <li>• Prepare for a hospital admission or recover after a hospital stay</li> <li>• Make educated decisions about treatment options</li> </ul> <p>You may call 855-511-1893 to speak with a health advocate.</p> <p>You can earn \$30 in health savings rewards once you achieve a fitness, diet, or health goal with the assistance of a trained health coach. Only one incentive can be earned per calendar year. See <i>Wellness Incentive Programs</i> in this section.</p>
<p><b>Enhanced CaremarkDirect Retail Program</b></p>	<p>You can purchase non-covered drugs through your local CVS network pharmacy and receive the convenience, safety, and confidentiality you already benefit from with covered prescriptions. Our Enhanced CaremarkDirect Retail is offered at no additional charge to you. Using this program at your local CVS Pharmacy, as well as all major chains, for both covered and non-covered prescriptions, will help ensure overall patient safety. The program allows you to get a discount on many prescription drugs not covered by our prescription benefit.</p> <p>Enhanced CaremarkDirect Retail is a value-added program that provides you with safe, convenient access to competitively priced, non-covered prescriptions, and certain over-the-counter drugs.</p> <p>You may call 800-933-NALC (6252), 24 hours a day, 7 days a week, for a complete listing of available medications and their cost.</p>
<p><b>Flexible benefits option</b></p>	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> <li>• We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue.</li> <li>• Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process.</li> </ul>

	<ul style="list-style-type: none"> <li>• By approving an alternative benefit, we do not guarantee you will get it in the future.</li> <li>• The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits.</li> <li>• If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request.</li> </ul> <p>Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).</p>
<p><b>Health Assessment</b></p>	<p>A free Health Assessment is available at <a href="http://www.mycigna.com">www.mycigna.com</a>. The Health Assessment is an online program that analyzes your health related responses and gives you a personalized plan to achieve specific health goals. Your Health Assessment profile provides information to put you on a path to good physical health.</p> <p>Any eligible member or dependent 18 years or older can earn \$20 in health savings rewards for completing the online Health Assessment. See <i>Wellness Incentive Programs</i> in this section for more details, or:</p> <p>If you have <b>Self Only</b> coverage with our Plan, when you complete the Health Assessment, we will enroll you in the CignaPlus Savings<sup>®</sup> discount dental program and pay the Self Only CignaPlus Savings<sup>®</sup> discount dental premium for the remainder of the calendar year in which you completed the Health Assessment provided you remain enrolled in our Plan.</p> <p>If you have <b>Self Plus One</b> or <b>Self and Family</b> coverage with our Plan, when at least two family members complete the Health Assessment, we will enroll you and your covered family members in the CignaPlus Savings<sup>®</sup> discount dental program and pay the family CignaPlus Savings<sup>®</sup> discount dental premium for the remainder of the year in which both Health Assessments were completed, provided you remain enrolled in our Plan.</p>
<p><b>Healthy Pregnancies, Healthy Babies<sup>®</sup> Program</b></p>	<p>This is a voluntary program for all expectant mothers. You will receive educational information and support throughout your entire pregnancy and after. You will speak to a pregnancy specialist and receive unlimited coaching calls to provide you with caring support to optimize your chances of having a healthy, full-term pregnancy. There will be ongoing assessments to help with early detection of a high risk pregnancy or other special needs you may have during your pregnancy. Healthy Pregnancies, Healthy Babies<sup>®</sup> will work together with you and your doctor to develop a plan of care. After delivery, you will also be screened for signs of postpartum depression.</p> <p>Call 855-511-1893 to enroll in the Healthy Pregnancies, Healthy Babies<sup>®</sup> program as soon as you know you are pregnant.</p> <p>Enroll in your 1st or 2nd trimester and stay engaged with a pregnancy specialist during your pregnancy to complete at least 3 calls, one of which includes the post-partum call for closure, in order to be eligible for \$30 in health savings rewards. See <i>Wellness Incentive Programs</i> in this section for more details.</p>
<p><b>Healthy Rewards Program</b></p>	<p>A program available to all members that provides discounts on services that are not usually covered by the Plan. You will receive discounts on weight management and nutrition services, fitness clubs, vision and hearing care, and healthy lifestyle products. This program promotes wellness, good health, and healthy behaviors. For more information call 855-511-1893 or visit <a href="http://www.mycigna.com">www.mycigna.com</a>.</p>

Special features	Description
<b>Musculoskeletal (MSK) Program</b>	<p>Our Musculoskeletal (MSK) Program through Hinge Health is an online exercise therapy program that provides a convenient virtual solution to help improve pain, avoid surgical procedures, and reduce medication usage. Features include:</p> <ul style="list-style-type: none"> <li>• At-home exercise therapy and behavioral coaching program for chronic and acute back, knee, hip and other musculoskeletal pain based on proven, non-surgical care guidelines;</li> <li>• Delivered remotely using mobile</li> <li>• No out-of-pocket cost.</li> </ul> <p>For more information or to enroll, call 855-902-2777 or visit <a href="http://hingehealth.com/nalc">hingehealth.com/nalc</a>.</p>
<b>NALC Health Benefit Plan mobile application</b>	<p>The NALC Health Benefit Plan's new mobile application is available for download for both iOS and Android mobile devices. The application provides members with 24/7 access to helpful features, tools and information related to their Health Plan benefits. Members can log in and create a unique username and password to access personal healthcare information such as benefits, out-of-pocket costs, deductibles, and PCA balances (if applicable). They can also view claims and Explanations of Benefits (EOBs) and complete the online Health Assessment. The mobile app also provides direct links to our vendor partners Cigna and CVS Health.</p>
<b>Online tools and resources</b>	<p>Your personal, private website accessible online at <a href="http://www.mycigna.com">www.mycigna.com</a></p> <ul style="list-style-type: none"> <li>• Your PCA balance and activity (also mailed quarterly)</li> <li>• Your complete claims payment history</li> <li>• A consumer health encyclopedia and interactive services</li> <li>• Online health risk assessment to help determine your risk for certain conditions and steps to manage them</li> <li>• Personal Health Record</li> </ul>
<b>Specialty Connect</b>	<p>This enhanced service combines the services of CVS Pharmacy and CVS Specialty™ by offering expanded choices and greater access to specialty medications and services. Specialty prescriptions can be submitted to any local CVS Pharmacy or to our Specialty mail pharmacies. Members will receive telephonic clinical support from our Specialty Pharmacy Care Team and will have the added option to pick up their specialty medication at a CVS Pharmacy or to have them delivered to the location of their choice. Call 800-237-2767 for more information.</p>
<b>Telehealth services</b>	<p>Telehealth or virtual visits are available through MDLive. Go to <a href="http://www.MDLIVEforCigna.com">www.MDLIVEforCigna.com</a> or call 888-726-3171 to access affordable, high quality care, when you need it, where you need it. Virtual visits can be used for adults or children with minor acute non-emergency medical conditions. See Section 10 for a definition and examples.</p> <p>Note: This benefit is only available through MDLive.</p>
<b>Weight Management Program</b>	<p>The Cigna Weight Management Program guides each person in creating their own tailored healthy living plan to help them eat right, participate in regular physical activity, and adopt habits that will lead to a healthy weight for life. The program is a non-diet approach to weight loss with an emphasis on changing habits. Each person seeking assistance with behavior change responds to treatment options in their own unique way. The program format is tailored to each individual's learning style and level of readiness to make a behavior change.</p>

	<p>Participants, with the guidance of a Wellness Coach, a trained health professional, may select the online mode or the telephone coaching model. The Wellness Coach assesses participants for their BMI, health status, motivation, self-efficacy, food choices, sleep patterns, stress level, and other relevant risk factors and co-morbidities as well as readiness to change. A toolkit is sent to each coaching program participant to assist them in achieving their plan goals.</p> <p>Individuals may register online at <a href="http://www.mycigna.com">www.mycigna.com</a> or by calling the toll-free number at 855-511-1893. A Wellness Coach is available Monday-Friday 9:00 a.m. to 9:00 p.m. and Saturday 9:00 a.m. to 5:00 p.m.</p>
<p><b>Wellness Incentive Programs</b></p>	<p>You can earn valuable health savings rewards to use towards eligible medical expenses. We will send each eligible member, 18 years of age and older, a debit card to access their account. If you or your eligible dependent(s) take any of the actions that would make you eligible for health account dollars, you are entitled to receive those health account dollars on a debit card that will automatically be sent to you from our wellness program partner. Please keep your card for future use even if you use all your health account dollars; you may be eligible for wellness incentives in subsequent benefit years. Our wellness program partner does not send new cards to continuing participants until the card expires. If you leave the NALC Health Benefit Plan, any money remaining in your account will be forfeited. Below is a list of programs, screenings, and preventive services that are eligible for a health savings reward. See criteria to receive the reward in the section indicated.</p> <ul style="list-style-type: none"> <li>• Your Health First Disease Management Program - \$30. See <i>Disease management program - Your Health First</i> in this section for details.</li> <li>• Healthy Pregnancies, Healthy Babies® - \$30. See <i>Healthy Pregnancies, Healthy Babies® Program</i> in this section for details.</li> <li>• Tobacco Cessation Program - \$30. See Section 5(a). <i>Educational classes and programs</i> for details.</li> <li>• Annual biometric screening - \$30. See Section 5. <i>Preventive care</i> for details.</li> <li>• Health Assessment - \$20. See <i>Health Assessment</i> in this section for details.</li> <li>• Annual influenza vaccine - \$5. See Section 5. <i>Preventive care</i> for details.</li> <li>• Annual pneumococcal vaccine - \$5. See Section 5. <i>Preventive care</i> for details.</li> </ul> <p>An eligible medical expense is defined as those expenses paid for care as described in Section 213 (d) of the Internal Revenue Code. Please visit our website for a list to help you determine whether an expense is eligible. You are only eligible to receive one (1) reward amount per person, per program or wellness activity per calendar year.</p>
<p><b>Worldwide coverage</b></p>	<p>We cover the medical care you receive outside the United States, subject to the terms and conditions of this brochure. See Section 7. <i>Overseas claims</i>.</p>

## Non-FEHB Benefits Available to Plan Members

**The benefits described on this page are not part of the FEHB contract or premium, and you cannot file an FEHB disputed claim about them.** Fees you pay for these services do not count toward FEHB plan deductibles or out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact the Plan at 888-636-NALC (6252).

### **CignaPlus Savings<sup>®</sup> (discount dental program)**

CignaPlus Savings<sup>®</sup> is a discount dental program that provides members access to discounted fees with participating dental providers. **This program is available only to members, and their dependents, of the NALC Health Benefit Plan.** The monthly Self Only premium is \$3.00 and \$5.00 for Self and Family. This is a discount program and not insurance, and the member must pay the entire discounted charge for dental services. For additional information or to join call 877-521-0244 or visit [www.cignaplussavings.com](http://www.cignaplussavings.com).

### **Hospital Plus (hospital indemnity)**

Hospital Plus is a hospital indemnity policy available for purchase from the United States Letter Carriers Mutual Benefit Association. This policy may be purchased throughout the year and is not subject to the health benefit plan open season. **This is available only to letter carriers who are members in good standing with the National Association of Letter Carriers, their spouses, children, and retired NALC members.**

Hospital Plus means money in your pocket when you are hospitalized, from the first day of your stay up to one full year. These benefits are not subject to federal income tax.

Hospital Plus allows you to choose the amount of coverage you need. You may elect to receive a \$100 a day, \$75 a day, \$50 a day, or \$30 a day plan. Members can insure their spouses and eligible children also. The spousal coverage is the same as the member's. Children's coverages are limited to \$60 a day, \$45 a day, \$30 a day, or \$18 a day plans. Benefits will be based on the number of days in the hospital, up to 365 days or as much as \$36,500 (if a \$100 a day benefit is chosen).

Use your benefits to pay for travel to and from the hospital, childcare, medical costs not covered by health insurance, legal fees, or other costs.

This plan is available to all qualified members regardless of their age. Hospital Plus is renewable for life and you may keep your policy for as long as you like, regardless of benefits you have received or future health conditions.

For more information and current benefits, please call the United States Letter Carriers Mutual Benefit Association at 202-638-4318 Monday through Friday, 8:00 a.m.-3:30 p.m. or 800-424-5184 Tuesdays and Thursdays, 8:00 a.m.-3:30 p.m., Eastern time.

### **Important Notice Regarding Membership Dues**

The NALC Health Benefit Plan is an employee organization plan. Enrollees in the Plan must be members, or associate members, of the NALC. If you are a federal employee who is **not** a Postal Service employee, an annuitant, a survivor annuitant, a former spouse of a federal employee, or you are eligible for Temporary Continuation of Coverage (TCC) under the FEHB Program, you are required to become an associate member of the NALC. Associate members will be billed by the NALC for the \$36 annual membership dues, except where exempt by law (survivor annuitant or someone who is eligible for coverage under Spouse Equity Law or TCC). The annual associate membership dues is in addition to your bi-weekly (or monthly) share of the health benefit premium. You will receive an invoice for payment of associate membership dues directly from the NALC unless you are exempt. This invoice must be paid promptly.

If you are a Postal Service employee, your regular membership dues are paid through authorized payroll deduction. Postal Service employees are not considered associate members.

Please note that your employing office will not verify whether you are a member of the organization when it accepts your Health Benefits Election Form enrolling you in the NALC Health Benefit Plan. However, your employing office should inform you that membership in the NALC is necessary to be an enrollee in the Plan.

Call Membership at 202-662-2856 for inquiries regarding membership, union dues, fees, or information on the NALC union.

***Benefits on this page are not part of the FEHB contract.***

---

## Section 6. General Exclusions – Services, Drugs, and Supplies We Do Not Cover

---

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. Although we may list a specific service as a benefit, we will not cover it unless we determine it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3. *You need prior Plan approval for certain services.*

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies that are not medically necessary.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice in the United States.
- Experimental or investigational procedures, treatments, drugs, or devices (see specific coverage for transplants in Section 5(b)).
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
- Services, drugs, or supplies related to sexual inadequacy (except gender reassignment surgeries specifically listed as covered).
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.
- Services, drugs, or supplies for which no charge would be made if the covered individual had no health insurance coverage.
- Services, drugs, or supplies we are prohibited from covering under the Federal Law.
- Services, drugs, or supplies you receive without charge while in active military service.
- Services, drugs, or supplies ordered, performed, or furnished by yourself, immediate relatives or household members, such as spouse, parents, children, brothers or sisters by blood, marriage, or adoption.
- Services, drugs, or supplies furnished or billed by a non-covered facility, except medically necessary prescription drugs and physical, speech and occupational therapy rendered by a qualified professional therapist on an outpatient basis are covered subject to Plan limits.
- Charges which the enrollee or Plan have no legal obligation to pay, such as excess charges for an annuitant age 65 or older who is not covered by Medicare Parts A and/or B (see page 176, Section 9. *When you are age 65 or older and do not have Medicare*), doctor's charges exceeding the amount specified by the Department of Health & Human Services when benefits are payable under Medicare (limiting charge, see page 169, Section 9. *When you have the Original Medicare Plan (Part A, Part B, or both)*), or State premium taxes, however applied.
- Charges for interest, completion of claim forms, missed or canceled appointments, and/or administrative fees.
- Nonmedical social services or recreational therapy.
- Testing for mental aptitude or scholastic ability.
- Therapy (other than speech, physical, occupational, and Applied Behavioral Analysis (ABA) therapy) for autism spectrum disorder.
- Transportation (other than professional ambulance services or travel under the Cigna **LifeSOURCE** Transplant Network®).
- Dental services and supplies (except those oral surgical procedures listed in Section 5(b). *Oral and maxillofacial surgery* and Section 5(g). *Dental Benefits*).
- Services for and/or related to procedures not listed as covered.
- Charges in excess of the Plan allowance.
- Treatment for cosmetic purposes and/or related expenses.

- Custodial care (see Section 10. *Definitions of Terms We Use in This Brochure*).
- Fraudulent claims.
- Services, drugs, or supplies related to "Never Events". "Never Events" are errors in care that can and should be prevented. The Plan will deny payments where the patient cannot legally be held liable.
- Genetic counseling, genetic screening, or genetic testing, except as specifically listed in Section 5(a).

---

## Section 7. Filing a Claim for Covered Services

---

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received).

See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures.

### How to claim benefits

**High Option:** To obtain claim forms, claims filing advice or answers about our benefits, contact us at 703-729-4677 or 888-636-NALC (6252) or at our website at [www.nalchbp.org](http://www.nalchbp.org), or mail your claims to P.O. Box 188004, Chattanooga, TN, 37422-8004.

**Consumer Driven Health Plan and Value Option:** To obtain claim forms, claims filing advice or answers about our benefits, contact Cigna at 855-511-1893, or visit our website at [www.nalchbp.org](http://www.nalchbp.org), or mail your claims to P.O. Box 188050, Chattanooga, TN, 37422-8050.

In most cases, providers and facilities file claims for you. Your provider must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. When Medicare is not the primary payor, claims should be submitted directly to Cigna at the address shown on the reverse side of your identification card.

Note: To file a claim when Medicare is the primary payor, see Section 9. *Coordinating Benefits with Medicare and Other Coverage - The Original Medicare Plan (Part A or Part B)*.

Note: To file a mental health and substance use disorder treatment claim, see Section 5(e). *Mental Health and Substance Use Disorder Benefits*.

When you must file a claim – such as for services you received overseas or when another group health plan is primary – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Patient's name, date of birth, address, phone number and relationship to enrollee
- Member identification number as shown on your identification card
- Name, address, and tax identification number of person or facility providing the service or supply
- Signature of provider or supplier including degrees or credentials of individual providing the service
- Dates that services or supplies were furnished
- Diagnosis
- Type of each service or supply
- Charge for each service or supply

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

Note: A clean claim is a claim which contains all necessary information for payment including any substantiating documentation. Clean claims do not require special handling or investigation prior to adjudication. Clean claims must be filed within the timely filing period.

In addition:

- If another health plan is your primary payor, you must send a copy of the explanation of benefits (EOB) form you received from your primary payor (such as the Medicare Summary Notice (MSN) with your claim).
- Bills for home health services must show that the nurse is a registered nurse (R.N.), licensed practical nurse (L.P.N.), or licensed vocational nurse (L.V.N.).

- If your claim is for the rental or purchase of durable medical equipment, home health services, physical therapy, occupational therapy, or speech therapy, you must provide a written statement from the provider specifying the medical necessity for the service or supply and the length of time needed.
- Claims for prescription drugs and supplies purchased without your card or those that are not purchased through a CareSelect Network pharmacy or the Mail Service Prescription Drug Program must include receipts that show the patient's name, prescription number, medication NDC number or name of drug or supply, prescribing provider's name, date of fill, total charge, metric quantity, days' supply, and pharmacy name and address or pharmacy NABP number.

**Post-service claims procedures**

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

**Records**

Keep a separate record of the medical expenses of each covered family member as deductibles and maximum allowances apply separately to each person. Save copies of all medical bills, including those you accumulate to satisfy a deductible. In most instances they will serve as evidence of your claim. We will not provide duplicate or year-end statements.

**Deadline for filing your claim**

Send us all the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service. If you could not file on time because of Government administrative operations or legal incapacity, you must submit your claim as soon as reasonably possible. Once we pay benefits, there is a three-year limitation on the reissuance of uncashed checks.

**Overseas claims**

For covered services you receive by providers and hospitals outside the United States and Puerto Rico, send the itemized bills to:

NALC Health Benefit Plan High Option  
20547 Waverly Court  
Ashburn, VA 20149

NALC CDHP or Value Option  
P.O. Box 188050  
Chattanooga, TN 37422-8050

Claims for prescription drugs and supplies purchased outside the United States and Puerto Rico must include receipts that show the patient's name, prescription number, name of drug or supply, prescribing provider's name, date of fill, total charge, metric quantity, days' supply, name of pharmacy and if available, the currency used and country where purchased. Complete the short-term prescription claim form, attach the drug receipts and mail to the NALC Prescription Drug Program.

NALC Prescription Drug Program  
P.O. Box 52192  
Phoenix, AZ 85072-2192

Claims for overseas (foreign) services must include an English translation. Charges will be converted to U.S. dollars using exchange rate at the time the expenses were incurred. Services performed outside of the United States are paid at out-of-network rates and are subject to the \$300.00 deductible. You are responsible for the difference between the billed amount and our payment.

**When we need more information**

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond. Our deadline for responding to your claim is stayed while we await all of the additional information needed to process your claim.

The Plan, its medical staff and/or an independent medical review determines whether services, supplies and charges meet the coverage requirements of the Plan (subject to the disputed claims procedure described in Section 8. *The Disputed Claims Process*). We are entitled to obtain medical or other information - including an independent medical examination - that we feel is necessary to determine whether a service or supply is covered.

**Authorized Representative**

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, a healthcare professional with knowledge of your medical condition will be permitted to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

**Notice Requirements**

The Secretary of Health and Human Services has identified counties where at least 10 percent of the population is literate only in certain non-English languages. The non-English languages meeting this threshold in certain counties are Spanish, Chinese, Navajo and Tagalog. If you live in one of these counties, we will provide language assistance in the applicable non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the healthcare provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes and its corresponding meaning, and the treatment code and its corresponding meaning.

## Section 8. The Disputed Claims Process

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information or to make an inquiry about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please call your plan’s customer service representative at the phone number found on your enrollment card, plan brochure, or plan website.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3. *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing NALC Health Benefit Plan, 20547 Waverly Court, Ashburn, VA 20149 or calling 703-729-4677 or 888-636-NALC (6252).

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a healthcare professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or their subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Step	Description
<b>1</b>	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none"> <li>a) Write to us within 6 months from the date of our decision; and</li> <li>b) Send your request to us at: NALC Health Benefit Plan, 20547 Waverly Court, Ashburn, VA 20149; and</li> <li>c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and</li> <li>d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.</li> </ul> <p>We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.</p>
<b>2</b>	<p>In the case of a post-service claim, we have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none"> <li>a) Pay the claim; or</li> <li>b) Write to you and maintain our denial; or</li> <li>c) Ask you or your provider for more information.</li> </ul>

	<p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.</p>
<p><b>3</b></p>	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within:</p> <ul style="list-style-type: none"> <li>• 90 days after the date of our letter upholding our initial decision; or</li> <li>• 120 days after you first wrote to us—if we did not answer that request in some way within 30 days; or</li> <li>• 120 days after we asked for additional information.</li> </ul> <p>Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, FEHB 2, 1900 E Street, NW, Washington, DC 20415-3620.</p> <p>Send OPM the following information:</p> <ul style="list-style-type: none"> <li>• A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;</li> <li>• Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;</li> <li>• Copies of all letters you sent to us about the claim;</li> <li>• Copies of all letters we sent to you about the claim; and</li> <li>• Your daytime phone number and the best time to call.</li> <li>• Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.</li> </ul> <p>Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.</p> <p>Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a healthcare professional with knowledge of your medical condition may act as your authorized representative without your express consent.</p> <p>Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.</p>
<p><b>4</b></p>	<p>OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.</p> <p>If you do not agree with OPM's decision, your only recourse is to file a lawsuit. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.</p> <p>OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.</p> <p>You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.</p>

**Note: If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 703-729-4677 or 888-636-NALC (6252). We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's FEHB 2 at 202-606-3818 between 8:00 a.m. and 5:00 p.m., Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this Plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

---

## Section 9. Coordinating Benefits with Medicare and Other Coverage

---

### When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays healthcare expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. Like other insurers, we determine which coverage is primary according to the National Association of Insurance Commissioners' (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at [www.nalchbp.org](http://www.nalchbp.org).

When we are the primary payor, we will pay the benefits described in this brochure.

**High Option:** When we are the secondary payor, we usually pay what is left after the primary plan pays, up to our Plan allowance for each claim. If the balance after the primary carrier payment is higher than our Plan allowance, we will not pay more than our Plan allowance.

The Plan limits some benefits, such as physical therapy and home health visits. If the primary plan pays, we may pay over these limits as long as our payment on the claim does not exceed our Plan allowance.

**Consumer Driven Health Plan and Value Option:** When we are the secondary payor, we limit benefits to the difference between our liability (as the primary carrier) and the primary carrier payment. When our liability is equal to, or less than, the primary carrier payment, you will receive no benefit.

### • TRICARE and CHAMPVA

TRICARE is the healthcare program for active duty service members, eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you and you are not the active duty service member, we pay first. TRICARE is the sole payor for active duty personnel. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

**Suspended FEHB coverage to enroll in TRICARE or CHAMPVA:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

### • Workers' Compensation

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar federal or state agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws. If OWCP or a similar agency disallows benefits or pays its maximum benefit for your treatment, we will pay the benefits described in this brochure.

- **Medicaid**

When you have this Plan and Medicaid, we pay first. The Plan does not coordinate benefits with Medicaid and will always be the primary payor. Claims processed by Medicaid as the primary payor will require Medicaid to submit a reimbursement request to the Plan. No payment will be made to Medicaid if we previously processed the rendering provider claim.

**Suspended FEHB coverage to enroll in Medicaid or a similar state-sponsored program of medical assistance:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these state programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the state program.

**When other Government agencies are responsible for your care**

We do not cover services and supplies when a local, state, or federal government agency directly or indirectly pays for them.

**When others are responsible for injuries**

**Subrogation/Reimbursement guidelines:** Our right to pursue and receive subrogation and reimbursement recoveries is a condition of and a limitation on the nature of benefits or benefit payments and on the provision of benefits under our coverage. By accepting Plan benefits, you agree to the terms of this provision.

If you or your dependent have received benefits or benefit payments as a result of an injury or illness and you (or your dependent) or your representatives, heirs, administrators, successors, or assignees (or those of your dependent) receive payment from any party that may be liable or a third party's insurance policies you must reimburse us out of that payment. "Third party" means another person or entity. Our right of reimbursement extends to any payment received by settlement, judgment, or otherwise. We will pay benefits for your illness or injury provided you do not interfere with or take any action to prejudice our attempts to recover the amounts we have paid in benefits, and that you cooperate with us in obtaining reimbursement or in subrogation.

You must include all benefits paid by the Plan related to the illness or injury in your claim for recovery. We are entitled to reimbursement to the extent of the benefits we have paid or provided or will pay or provide in connection with your injury or illness. However, we will cover the cost of treatment that exceeds the amount of the payment you received.

Reimbursement to us out of the payment shall take first priority (before any of the rights of any other parties are honored) and is not impacted by how the judgment, settlement, or other recovery is characterized, designated, or apportioned or characterized (i.e., pain and suffering). Our right of reimbursement is not subject to reduction based on attorney fees or costs under the "common fund" doctrine and is fully enforceable regardless of whether you are "made whole" or fully compensated for the full amount of damages claimed. You must reimburse us to the full extent we paid benefits, unless we agree to a reduction in writing. If you receive any recovery, you or your legal representative agree to hold any funds you receive in trust until you have confirmed the amount we are owed and make arrangement to reimburse us. You have the right to retain any recovery that exceeds the amount of the Plan's claim.

We may, at our option, choose to exercise our right of subrogation and pursue a recovery from any liable party as successor to your rights. We may require you to assign the proceeds of your claim or the right to take action against the third party in your name, and we may withhold payment of benefits until the assignment is provided. If you do pursue a claim or case related to your injury or illness (whether in court or otherwise), you must promptly notify us and cooperate with our reimbursement or subrogation efforts. You or your legal representative must keep the Plan advised of developments in your claim and promptly notify us of any recovery you receive, whether in or out of court. You must sign our subrogation/reimbursement agreement and provide us with any other relevant information about the claim if we ask you to do so. However, a subrogation/reimbursement agreement is not necessary to enforce the Plan's rights.

We may reduce subsequent benefit payments to you or your dependents if we are not reimbursed for the benefits we paid pursuant to this subrogation and reimbursement provision.

### **When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP)**

Some FEHB plans already cover some dental and vision services. Coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan by phone 877-888-3337 (TTY: 877-889-5680), you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

### **Clinical trials**

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition, and is either Federally-funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health Plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs—costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition, whether the patient is in a clinical trial or is receiving standard therapy. This Plan only covers:
  - Items or services that are typically provided absent a clinical trial such as conventional care;
  - Items or services needed for reasonable and necessary care arising from the provision of an investigational item or service such as additional charges incurred for the diagnosis or treatment of complications resulting from patient participation in a clinical trial.
- Extra care costs—costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care. This Plan does not cover these costs.
- Research costs—costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This Plan does not cover these costs.

### **When you have Medicare**

For more detailed information on "What is Medicare?" and "Should I Enroll in Medicare?" please contact Medicare at 800-MEDICARE (800-633-4227), (TTY 877-486-2048) or at [www.medicare.gov](http://www.medicare.gov).

#### **• The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan—You probably will not need to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payor, we process the claim first.
- When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file a claim, call us at 703-729-4677 or 888-636-NALC (6252) or see our website at [www.nalchbp.org](http://www.nalchbp.org).

**High Option:** We waive some costs if the Original Medicare Plan is your primary payor. We will waive some out-of-pocket costs as follows:

- If you have Medicare Part A as primary payor, we waive:
  - The copayment for a hospital admission.
  - The coinsurance for a hospital admission.
  - The deductible for inpatient care in a treatment facility.
- If you have Medicare Part B as primary payor, we waive:
  - The copayments for office or outpatient visits.
  - The copayments for allergy injections.
  - The coinsurance for services billed by physicians, other healthcare professionals, and facilities.
  - All calendar year deductibles.

When Medicare is the primary payor and is not covering a service or supply that is covered by the Plan, we will review the Medicare Summary Notice or Medicare Remittance Advice Statement to see if the charge is a contractual obligation (CO) or if it is the patient's responsibility (PR). When the service or supply is the patient's responsibility, we will pay either the charge or our Plan allowance, whichever is less, at 100%.

If we believe Medicare may have incorrectly denied a service or supply, we will ask the provider or facility to refile to Medicare.

Note: If you have Medicare Part B as primary payor, we will not waive the copayments for mail order drugs, or the coinsurance for retail prescription drugs.

Please review the following. It illustrates your cost share if you are enrolled in Medicare Part B. If you purchase Medicare Part B, and your provider participates in Medicare, we will waive some costs because Medicare will be the primary payor.

**Deductible**

- High Option: You pay without Medicare: In-Network: \$300 per person/\$600 per family
- High Option: You pay without Medicare: Out-of-Network: \$300 per person/\$600 per family
- High Option: You pay with Medicare Part B: \$0
- High Option: You pay with Medicare Part B: \$0

**Catastrophic Protection Out-of-pocket maximum**

- High Option: You pay without Medicare: In-Network: \$3,500 self only/\$5,000 family
- High Option: You pay without Medicare: Out-of-Network: \$7,000 per person or family PPO/Non-PPO combined
- High Option: You pay with Medicare Part B: In-Network: \$0
- High Option: You pay with Medicare Part B: Out-of-Network: \$0

**Part B premium reimbursement offered**

- High Option: You pay without Medicare: In-Network: N/A
- High Option: You pay without Medicare: Out-of-Network: N/A
- High Option: You pay with Medicare Part B: In-Network: N/A
- High Option: You pay with Medicare Part B: Out-of-Network: N/A

**Primary care physician**

- High Option: You pay without Medicare: In-Network: \$20 copay
- High Option: You pay without Medicare: Out-of-Network: 30% after deductible
- High Option: You pay with Medicare Part B: In-Network: \$0
- High Option: You pay with Medicare Part B: Out-of-Network: \$0

**Specialist**

High Option: You pay without Medicare: In-Network: \$20 copay  
 High Option: You pay without Medicare: Out-of-Network: 30% after deductible  
 High Option: You pay with Medicare Part B: In-Network: \$0  
 High Option: You pay with Medicare Part B: Out-of-Network: \$0

**Inpatient hospital**

High Option: You pay without Medicare: In-Network: \$350 per admission  
 High Option: You pay without Medicare: Out-of-Network: \$450 per admission and 35%  
 High Option: You pay with Medicare Part B: In-Network: \$350 per admission  
 High Option: You pay with Medicare Part B: Out-of-Network: \$450 per admission and 35%

**Outpatient hospital**

High Option: You pay without Medicare: In-Network: 15% after deductible or \$350 observation  
 High Option: You pay without Medicare: Out-of-Network: 35% after deductible  
 High Option: You pay with Medicare Part B: In-Network: \$0  
 High Option: You pay with Medicare Part B: Out-of-Network: \$0

**Incentives offered**

High Option: You pay without Medicare: In-Network: N/A  
 High Option: You pay without Medicare: Out-of-Network: N/A  
 High Option: You pay with Medicare Part B: In-Network: N/A  
 High Option: You pay with Medicare Part B: Out-of-Network: N/A

\*When we are the secondary payor, we usually pay what is left after the primary plan, up to our regular benefit for each claim. We will not pay more than our allowance.

**Consumer Driven Health Plan and Value Option:** When Original Medicare (either Medicare Part A or Medicare Part B) is the primary payor, we will not waive any out-of-pocket costs.

When we are the secondary payor, we limit benefits to the difference between our liability (as the primary carrier) and the Medicare payment. When our liability is equal to, or less than, the Medicare payment, you will receive no benefit.

Note: We do not waive our deductible, copayments or coinsurance for prescription drugs or for services and supplies that Medicare does not cover. Also, we do not waive benefit limitations, such as the 12-visit limit for chiropractic services or the 50-visit limit for physical, occupational or speech therapy.

You can find more information about how our plan coordinates benefits with Medicare in Medicare and You, and Medicare Benefits at a Glance at [www.nalchbp.org](http://www.nalchbp.org).

Please review the following. It illustrates your cost share if you are enrolled in Medicare Part B. If you purchase Medicare Part B, you are still responsible for applicable deductibles, and coinsurance for charges billed by In-Network or Out-of-Network providers.

**Deductible**

CDHP/Value Option: You pay without Medicare: In-Network:\$2,000 Self only/\$4,000 Self Plus One/  
 \$4,000 Self and Family  
 CDHP/Value Option: You pay without Medicare: Out-of-Network: \$4,000 Self only/\$8,000 Self  
 Plus One/\$8,000 Self and Family  
 CDHP/Value Option: You pay with Medicare Part B: \$2,000 Self only/\$4,000 Self Plus One/\$4,000  
 Self and Family  
 CDHP/Value Option: You pay with Medicare Part B: \$4,000 Self only/\$8,000 Self Plus One/\$8,000  
 Self and Family

**Catastrophic Protection Out-of-pocket maximum**

CDHP/Value Option: You pay without Medicare: In-Network: \$6,600 per person/\$13,200 per family

CDHP/Value Option: You pay without Medicare: Out-of-Network: \$12,000 per person/\$24,000 per family

CDHP/Value Option: You pay with Medicare Part B: In Network: \$6,600 per person/\$13,200 per family

CDHP/Value Option: You pay with Medicare Part B: Out-of-Network: \$12,000 per person/\$24,000 per family

**Part B premium reimbursement offered**

CDHP/Value Option: You pay without Medicare: In-Network: N/A

CDHP/Value Option: You pay without Medicare: Out-of-Network: N/A

CDHP/Value Option: You pay with Medicare Part B: In-Network: N/A

CDHP/Value Option: You pay with Medicare Part B: Out-of-Network: N/A

**Primary care physician**

CDHP/Value Option: You pay without Medicare: 20% of the Plan allowance

CDHP/Value Option: You pay without Medicare: Out-of-Network: 50% of the Plan allowance and the difference, if any, between our allowance and the billed amount

CDHP/Value Option: You pay with Medicare Part B: In-Network: The difference between our liability (as the primary carrier) and the benefits that Medicare would pay under Medicare Part B, regardless of whether Medicare pays. When our liability is equal to, or less than, the Medicare payment, you will pay all charges

CDHP/Value Option: You pay with Medicare Part B: Out-of-Network: The difference between our liability (as the primary carrier) and the benefits that Medicare would pay under Medicare Part B, regardless of whether Medicare pays. When our liability is equal to, or less than, the Medicare payment, you will pay all charges.

**Specialist**

CDHP/Value Option: You pay without Medicare: In-Network: 20% of the Plan allowance

CDHP/Value Option: You pay without Medicare: Out-of-Network: 50% of the Plan allowance and the difference, if any, between our allowance and the billed amount

CDHP/Value Option: You pay with Medicare Part B: In-Network: The difference between our liability (as the primary carrier) and the benefits that Medicare would pay under Medicare Part B, regardless of whether Medicare pays. When our liability is equal to, or less than, the Medicare payment, you will pay all charges

CDHP/Value Option: You pay without Medicare: In-Network: 20% of the Plan allowance

CDHP/Value Option: You pay without Medicare: Out-of-Network: 50% of the Plan allowance and the difference, if any, between our allowance and the billed amount

CDHP/Value Option: You pay with Medicare Part B: In-Network: The difference between our liability (as the primary carrier) and the benefits that Medicare would pay under Medicare Part A, regardless of whether Medicare pays. When our liability is equal to, or less than, the Medicare payment, you will pay all charges

CDHP/Value Option: You pay with Medicare Part B: Out-of-Network: The difference between our liability (as the primary carrier) and the benefits that Medicare would pay under Medicare Part A, regardless of whether Medicare pays. When our liability is equal to, or less than, the Medicare payment, you will pay all charges

### **Outpatient hospital**

CDHP/Value Option: You pay without Medicare: In-Network: 20% of the Plan allowance

CDHP/Value Option: You pay without Medicare: Out-of-Network: 50% of the Plan allowance and the difference, if any, between our allowance and the billed amount

CDHP/Value Option: You pay with Medicare Part B: In-Network: The difference between our liability (as the primary carrier) and the benefits that Medicare would pay under Medicare Part B, regardless of whether Medicare pays. When our liability is equal to, or less than, the Medicare payment, you will pay all charges

CDHP/Value Option: You pay with Medicare Part B: Out-of-Network: The difference between our liability (as the primary carrier) and the benefits that Medicare would pay under Medicare Part B, regardless of whether Medicare pays. When our liability is equal to, or less than, the Medicare payment, you will pay all charges

### **Incentives offered**

CDHP/Value Option: You pay without Medicare: In-Network: N/A

CDHP/Value Option: You pay without Medicare: Out-of-Network: N/A

CDHP/Value Option: You pay with Medicare Part B: In-Network: N/A

CDHP/Value Option: You pay with Medicare Part B: Out-of-Network: N/A

- **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

- **Private Contract with your physician**

If you are enrolled in Medicare Part B, a physician may ask you to sign a private contract agreeing that you can be billed directly for services ordinarily covered by Original Medicare. Should you sign an agreement, Medicare will not pay any portion of the charges, and we will not increase our payment. We will still limit our payment to the amount we would have paid after Original Medicare's payment. You may be responsible for paying the difference between the billed amount and the amount we paid.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private healthcare choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 800-MEDICARE (800-633-4227), TTY: 877-486-2048 or at [www.medicare.gov](http://www.medicare.gov).

If you enroll in a Medicare Advantage plan, the following options are available to you:

**The High Option and another plan's Medicare Advantage:** You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even when you receive services from providers who are not in the Medicare Advantage plan's network and/or service area. However, we will not waive any of our copayments, coinsurance, or deductible. We will waive coinsurance, deductibles, and most copayments when you use a participating provider with your Medicare Advantage plan. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

**The Consumer Driven Health Plan and Value Option and another plan's Medicare Advantage:** You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even when you receive services from providers who are not in the Medicare Advantage plan's network and/or service area. When a Medicare Advantage (Part C) plan is the primary payor we will **not waive any out-of-pocket costs**.

When we are the secondary payor, we limit benefits to the difference between our liability (as the primary carrier) and the Medicare Advantage payment. When our liability is equal to, or less than, the Medicare Advantage payment, you will receive no benefit.

If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When you have Medicare Part D, we will coordinate benefits with the Medicare Prescription Drug Plan.

**High Option:** When we are the secondary payor, we will pay the balance after Medicare Part D pays, up to our regular benefit.

**Consumer Driven Health Plan and Value Option:** When we are the secondary payor, we limit benefits to the difference between our liability (as the primary carrier) and the Medicare Part D payment. When our liability is equal to, or less than, the Medicare Part D payment, you will receive no benefit.

See Section 5(f). *Prescription Drug Benefits* for more information on Medicare Part D.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

<b>Primary Payor Chart</b>		
<b>A. When you - or your covered spouse - are age 65 or over and have Medicare and you...</b>	<b>The primary payor for the individual with Medicare is...</b>	
	<b>Medicare</b>	<b>This Plan</b>
1) Have FEHB coverage on your own as an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have FEHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Federal government and your position is excluded from the FEHB (your employing office will know if this is the case) and you are not covered under FEHB through your spouse under #3 above	✓	
5) Are a reemployed annuitant with the Federal government and your position is not excluded from the FEHB (your employing office will know if this is the case) and...		
• You have FEHB coverage on your own or through your spouse who is also an active employee		✓
• You have FEHB coverage through your spouse who is an annuitant	✓	
6) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge) and you are not covered under FEHB through your spouse under #3 above	✓	
7) Are enrolled in Part B only, regardless of your employment status	✓ for Part B services	✓ for other services
8) Are a Federal employee receiving Workers' Compensation		✓*
9) Are a Federal employee receiving disability benefits for six months or more	✓	
<b>B. When you or a covered family member...</b>		
1) Have Medicare solely based on end stage renal disease (ESRD) and...		
• It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD <b>(30-month coordination period)</b>		✓
• It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and...		
• This Plan was the primary payor before eligibility due to ESRD <b>(for 30 month coordination period)</b>		✓
• Medicare was the primary payor before eligibility due to ESRD	✓	
3) Have Temporary Continuation of Coverage (TCC) and...		
• Medicare based on age and disability	✓	
• Medicare based on ESRD <b>(for the 30 month coordination period)</b>		✓
• Medicare based on ESRD <b>(after the 30 month coordination period)</b>	✓	
<b>C. When either you or a covered family member are eligible for Medicare solely due to disability and you...</b>		
1) Have FEHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	
<b>D. When you are covered under the FEHB Spouse Equity provision as a former spouse</b>		
	✓	

\*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

**When you are age 65 or older and do not have Medicare**

Under the FEHB law, we must limit our payments for **inpatient hospital care and physician care** to those payments you would be entitled to if you had Medicare. Your physician and hospital must follow Medicare rules and cannot bill you for more than they could bill you if you had Medicare. You and the FEHB benefit from these payment limits. Outpatient hospital care and non-physician based care are not covered by this law; regular Plan benefits apply. The following chart has more information about the limits.

**If you:**

- are age 65 or older; and
- do not have Medicare Part A, Part B, or both; and
- have this Plan as an annuitant or as a former spouse, or as a family member of an annuitant or former spouse; and
- are not employed in a position that gives FEHB coverage. (Your employing office can tell you if this applies.)

**Then, for your inpatient hospital care:**

- The law requires us to base our payment on an amount—the “equivalent Medicare amount”—set by Medicare’s rules for what Medicare would pay, not on the actual charge.
- You are responsible for your applicable deductibles, coinsurance, or copayments under this Plan.
- You are not responsible for any charges greater than the equivalent Medicare amount; we will show that amount on the explanation of benefits (EOB) statement that we send you.
- The law prohibits a hospital from collecting more than the "equivalent Medicare amount".

**And, for your physician care, the law requires us to base our payment and your coinsurance or copayment on:**

- an amount set by Medicare and called the “Medicare approved amount,” or
- the actual charge if it is lower than the Medicare approved amount.

If your physician participates with Medicare or accepts Medicare assignment for the claim—whether the physician participates in our PPO network or not, then you are responsible for your deductibles, coinsurance, and copayments.

If your physician does not participate with Medicare, then you are responsible for your deductibles, coinsurance, copayments, and any balance up to 115% of the Medicare approved amount.

If your physician does not participate with Medicare and is not a member of our PPO network, then you are responsible for your out-of-network deductibles, coinsurance, and any balance up to 115% of the Medicare approved amount.

If your physician opts-out of Medicare via private contract, then you are responsible for your deductibles, coinsurance, copayments and any balance your physician charges.

It is generally to your financial advantage to use a physician who participates with Medicare. Such physicians are permitted to collect only up to the Medicare approved amount.

**Physicians Who Opt Out of Medicare**

A physician may have opted out of Medicare, and may or may not ask you to sign a private contract agreeing that you can be billed directly for services ordinarily covered by Original Medicare. This is different than a non-participating doctor, and we recommend you ask your physician if they have opted out of Medicare. Should you visit an opt-out physician, the physician will not be limited to 115% of the Medicare approved amount. You may be responsible for paying the difference between the billed amount and our regular in-network/out-of-network benefits.

Our explanation of benefits (EOB) statement will tell you how much the physician or hospital can collect from you. If your physician or hospital tries to collect more than allowed by law, ask the physician or hospital to reduce the charges. If you have paid more than allowed, ask for a refund. If you need further assistance, call us.

**When you have the Original Medicare Plan (Part A, Part B, or both)**

**High Option:** We limit our payment to an amount that supplements the benefits that Medicare would pay under Medicare Part A (Hospital insurance) and Medicare Part B (Medical insurance), regardless of whether Medicare pays.

**Consumer Driven Health Plan and Value Option:** We limit our payment to the difference between our liability (as the primary carrier) and the benefits that Medicare would pay under Medicare Part A (Hospital insurance) and Medicare Part B (Medical insurance), regardless of whether Medicare pays. When our liability is equal to, or less than, the (estimated) Medicare payment, you will receive no benefit.

We use the Department of Veterans Affairs (VA) Medicare-equivalent Remittance Advice (MRA) when the statement is submitted to determine our payment for covered services provided to you if Medicare is primary since Medicare does not pay the VA facility.

Note: Under the High Option, Consumer Driven Health Plan and Value Option, we pay our regular benefits for emergency services to an institutional provider, such as a hospital, that does not participate with Medicare and is not reimbursed by Medicare. A Medicare non-participating provider is a provider who has not enrolled in Medicare and does not accept Medicare payments. You are responsible for applicable deductibles, coinsurance, or copayments for charges billed by Medicare non-participating providers. A Medicare opt-out provider is a provider who has elected to leave the Medicare program and is not eligible to receive Medicare benefits. We require a signed copy of the provider opt-out contract with Medicare. Charges are processed by estimating the amount Medicare would have paid if billed by a Medicare participating provider.

**High Option:**

When you are covered by Medicare Part A and it is primary, you pay no out-of-pocket expenses for services Medicare Part A covers.

When you are covered by Medicare Part B and it is primary, you pay no out-of-pocket expenses for services Medicare Part B covers.

- If your physician accepts Medicare assignment, you pay nothing.
- If your physician does not accept Medicare assignment, you pay nothing because we supplement Medicare's payment up to the limiting charge.

**Consumer Driven Health Plan and Value Option:**

When Original Medicare (either Medicare Part A or Medicare Part B) is the primary payor, we will **not waive any out-of-pocket costs**.

It is important to know that a physician who does not accept Medicare assignment may not bill you for more than 115% of the amount Medicare bases its payment on, called the "limiting charge." The Medicare Summary Notice (MSN) that Medicare will send you will have more information about the limiting charge. If your physician tries to collect more than allowed by law, ask the physician to reduce the charges. If the physician does not, report the physician to the Medicare carrier that sent you the MSN form. Call us if you need further assistance.

Note: Under the High Option, Consumer Driven Health Plan and Value Option, when Medicare benefits are exhausted, or services are not covered by Medicare, our benefits are subject to the definitions, limitations, and exclusions in this brochure. In these instances, our payment will be based on our non-PPO Plan allowance.

---

## Section 10. Definitions of Terms We Use in This Brochure

---

<b>Admission</b>	The period from entry (admission) into a hospital or other covered facility until discharge. In counting days of inpatient care, the date of entry and the date of discharge are counted as a single day.
<b>Assignment</b>	Your authorization for us to issue payment of benefits directly to the provider. We reserve the right to pay you directly for all covered services.
<b>Calendar year</b>	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
<b>Coinsurance</b>	See Section 4 (page 27).
<b>Clinical Trials Cost Categories</b>	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition, and is either Federally-funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <p>If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:</p> <ul style="list-style-type: none"><li>• Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition, whether the patient is in a clinical trial or is receiving standard therapy.</li><li>• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care.</li><li>• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.</li></ul>
<b>Congenital anomaly</b>	A condition that existed at or from birth and is a significant deviation from the common form or norm. For purposes of this Plan, congenital anomalies include protruding ear deformities, cleft lips, cleft palates, birthmarks, webbed fingers or toes, and other conditions that the Plan may determine to be congenital anomalies. In no event will the term congenital anomaly include conditions relating to teeth or intra-oral structure supporting the teeth.
<b>Copayment</b>	See Section 4 (page 26).
<b>Cosmetic surgery</b>	Any operative procedure or any portion of a procedure performed primarily to improve physical appearance and/or treat a mental condition through change in bodily form.
<b>Cost-sharing</b>	See Section 4 (page 26).
<b>Covered services</b>	Services we provide benefits for, as described in this brochure.
<b>Custodial care</b>	<p>Treatment or services that help the patient with daily living activities, or can safely and reasonably be provided by a person that is not medically skilled, regardless of who recommends them or where they are provided. Custodial care, sometimes called “long term care,” includes such services as:</p> <ul style="list-style-type: none"><li>• Caring for personal needs, such as helping the patient bathe, dress, or eat;</li><li>• Homemaking, such as preparing meals or planning special diets;</li><li>• Moving the patient, or helping the patient walk, get in and out of bed, or exercise;</li></ul>

- Acting as a companion or sitter;
- Supervising self-administered medication; or
- Performing services that require minimal instruction, such as recording temperature, pulse, and respirations; or administration and monitoring of feeding systems.

The Plan determines whether services are custodial care.

**Deductible**

See Section 4 (page 26).

**Definitive (quantitative) drug test**

A urine test that measures the quantity of a substance present in a specimen.

**Effective date**

The effective date of benefits described in this brochure is:

- January 1 for continuing enrollments and for all annuitant enrollments;
- The first day of the first full pay period of the new year for enrollees who change plans or options or elect FEHB coverage during the Open Season; or
- Determined by the employing office or retirement system for enrollments and changes that are not Open Season actions.

**Experimental or investigational service**

A drug, device, or biological product that cannot lawfully be marketed without approval of the U.S. Food and Drug Administration (FDA) and that approval has not been given at the time the drug, device, or biological product is furnished. “Approval” means all forms of acceptance by the FDA.

A medical treatment or procedure, or a drug, device, or biological product is considered experimental or investigational if reliable evidence shows that:

- It is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, safety, effectiveness, or effectiveness as compared with the standard means of treatment or diagnosis; or
- The consensus of opinion among experts is that further studies or clinical trials are necessary to determine its toxicity, safety, effectiveness, or effectiveness as compared with the standard means of treatment or diagnosis.

Our Medical Director reviews current medical resources to determine whether a service or supply is experimental or investigational. We will seek an independent expert opinion if necessary.

**Group health coverage**

Coverage through employment (including benefits through COBRA) or membership in an organization that provides payment for hospital, medical, or other healthcare services or supplies, or that pays more than \$200 per day for each day of hospitalization.

**Healthcare professional**

A physician or other healthcare professional licensed, accredited, or certified to perform specified health services consistent with state law. See Section 3. How You Get Care for a listing of covered providers.

**Iatrogenic infertility**

Medical treatment with a likely side effect of infertility as established by the American Society of Reproductive Medicine and the American Society of Clinical Oncology. Typically, this occurs in oncology patients as the result of chemotherapy, radiation therapy, and/or surgery; but can also occur as an adverse effect of treatment for other conditions.

**Medical necessity**

Services, drugs, supplies, or equipment provided by a hospital or covered provider of the healthcare services that we determine:

- Are appropriate to diagnose or treat your condition, illness, or injury;
- Are consistent with standards of good medical practice in the United States;

- Are not primarily for the personal comfort or convenience of you, your family, or your provider;
- Are not related to your scholastic education or vocational training; and
- In the case of inpatient care, cannot be provided safely on an outpatient basis.

The fact that a covered provider has prescribed, recommended, or approved a service, supply, drug, or equipment does not, in itself, make it medically necessary.

**Mental health and substance use disorder**

Conditions and diseases listed in the most recent edition of the International Classification of Diseases (ICD) as psychoses, neurotic disorders, or personality disorders; other nonpsychotic mental disorders listed in the ICD, to be determined by the Plan; or disorders listed in the ICD requiring treatment for abuse of or dependence upon substances such as alcohol, narcotics, or hallucinogens.

**Minor acute conditions**

Common, non-emergent medical conditions. Examples of common conditions include allergies, cold and flu symptoms, sinus problems, skin disturbances, and minor wounds and abrasions.

**Plan allowance**

Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Fee-for-service plans determine their allowances in different ways. We determine our allowance as follows:

**High Option PPO benefits:**

For services rendered by a covered provider that participates in the Plan’s PPO network, our allowance is based on a negotiated rate agreed to under the provider’s network agreement. These providers accept the Plan allowance as their charge.

**High Option In-Network mental health and substance use disorder benefits:**

For services rendered by a covered provider that participates in the Plan’s mental health and substance use disorder network, our allowance is based on a negotiated rate agreed to under the provider’s network agreement. These providers accept the Plan allowance as their charge.

**High Option Non-PPO benefits:**

When you do not use a PPO provider, we may use one of the following methods:

- Our Plan allowance is based on the 80th percentile of data gathered from healthcare sources that compare charges of other providers for similar services in the same geographic area; or
- For facility charges (such as hospitals, dialysis facilities, and ambulatory surgical centers), our allowance is based on two and one-half times the Medicare reimbursement rate.
- For medication charges, our allowance is based on the suggested wholesale price or an alternative pricing benchmark.

Note: If you purchase prescriptions at a non-network pharmacy, foreign/overseas pharmacy, or elect to purchase additional 30-day refills at a network pharmacy, CVS Caremark® will base its allowance on the average wholesale price. For medication charges, our allowance is based on the average wholesale price or an alternative pricing benchmark.

**High Option Out-of-Network mental health and substance use disorder benefits:**

Our allowance is based on the 80th percentile of data gathered from healthcare sources that compare charges of other providers for similar services in the same geographic area when you:

- Do not preauthorize your treatment;
- Do not follow the authorized treatment plan; or

- Do not use an In-Network provider.

**High Option Non-PPO medical emergency services:**

Our Plan allowance for non-PPO emergency services is determined by taking the greatest of:

- The median PPO rate;
- The usual, customary and reasonable rate (or similar rate determined using the Plan's formula for determining payments for non-PPO services);
- The Medicare rate; or
- For facility charges (such as hospitals, dialysis facilities, and ambulatory surgical centers), our allowance is based on two and one-half times the Medicare reimbursement rate.

**CDHP/Value Option In-Network benefits:** For services rendered by a covered provider that participates in the Plan's PPO network, our allowance is based on a negotiated rate agreed to under the providers' network agreement. These providers accept the Plan allowance as their charge.

**CDHP/Value Option Out-of-Network benefits:** Our allowance is based on two times the Medicare reimbursement rate.

**Note:** For other categories of benefits and for certain specific services within each of the above categories, exceptions to the usual method of determining the Plan allowance may exist under the High Option, Consumer Driven Health Plan and Value Option. At times, we may seek an independent expert opinion to determine our Plan allowance. In the absence of seeking an expert opinion to determine Plan allowance, our allowance will be based on 80% of the billed amount, including foreign claims.

For more information, see Section 4. Differences between our allowance and the bill.

You should also see Important Notice About Surprise Billing – Know Your Rights in Section 4 that describes your protections against surprise billing under the No Surprises Act.

<b>Post-service claims</b>	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
<b>Preadmission testing</b>	Routine tests ordered by a physician and usually required prior to surgery or hospital inpatient admission that are not diagnostic in nature.
<b>Pre-service claims</b>	Those claims (1) that require precertification, preauthorization, or prior approval and (2) where failure to obtain precertification, preauthorization, or prior approval results in a reduction of benefits.
<b>Presumptive (qualitative) drug test</b>	A urine test that confirms if a substance is present in a specimen.
<b>Reimbursement</b>	A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.

**Subrogation** A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.

**Urgent care claims** A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:

- Waiting could seriously jeopardize your life or health;
- Waiting could seriously jeopardize your ability to regain maximum function; or
- In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Urgent care claims usually involve Pre-service claims and not Post-service claims. We will determine whether or not a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

**High Option Urgent Care Claims:** If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department at 703-729-4677 or 888-636-NALC (6252). You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

**Consumer Driven Health Plan and Value Option Urgent Care Claims:** If you believe your claim qualifies as an urgent care claim, please contact the NALC CDHP/Value Option Customer Service Department at 855-511-1893. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

**Us/We** Us and We refer to the NALC Health Benefit Plan High Option, CDHP, and Value Option.

**You** You refers to the enrollee and each covered family member.

## Summary of Benefits for the NALC Health Benefit Plan High Option - 2022

**Do not rely on this chart alone.** This is a summary. All benefits are subject to the definitions, limitations, and exclusions in this brochure. Before making a final decision, please read this FEHB brochure. You can also obtain a copy of our Summary of Benefits and Coverage as required by the Affordable Care Act at [www.nalchbp.org](http://www.nalchbp.org). On this page we summarize specific expenses we cover; for more detail, look inside.

If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.

Below, an asterisk (\*) means the item is subject to the \$300 calendar year deductible. And, after we pay, you generally pay any difference between our allowance and the billed amount if you use a non-PPO physician or other healthcare professional.

Benefits	You pay	Page
<b>Medical services provided by physicians:</b> Diagnostic and treatment services provided in the office	PPO: \$20 copayment per office visit Non-PPO: 30%* of our allowance	33
<b>Services provided by a hospital:</b> Inpatient	PPO: Nothing when services are related to the delivery of a newborn. \$350 copayment per admission for all other admissions. Non-PPO: \$450 copayment per admission and 35% of our allowance	64
<b>Services provided by a hospital:</b> Outpatient	PPO: 15%* of our allowance Non-PPO: 35%* of our allowance	66
<b>Emergency benefits:</b> Accidental injury	Within 72 hours: Nothing for nonsurgical outpatient care, simple repair of laceration and immobilization of sprain, strain, or fracture After 72 hours: PPO: Regular cost-sharing Non-PPO: Regular cost-sharing	71
<b>Emergency benefits:</b> Medical emergency	PPO: 15%* of our allowance Non-PPO: 15%* of our allowance	71
<b>Mental health and substance use disorder treatment:</b>	In-Network: Regular cost-sharing	73
	Out-of-Network: Regular cost-sharing	73

Benefits	You pay	Page
<b>Prescription drugs:</b> Retail pharmacy	<p>Network:</p> <p>Generic: 20% of cost; 10% for hypertension, diabetes, and asthma; Formulary brand: 30% of cost; Non-formulary brand: 50% of cost</p> <p>Network Medicare:</p> <p>NALCSenior Antibiotic generic: Nothing  Generic: 10% of cost; 5% for hypertension, diabetes, and asthma; Formulary brand: 20% of cost; Non-formulary brand: 40% of cost  Non-network: 50% of our allowance</p>	80
<b>Prescription drugs:</b> Mail order	<p>Non-Medicare: 60-day supply, \$10 generic/\$60 Formulary brand/\$84 Non-formulary brand  Non-Medicare: 90-day supply, \$5 NALCSelect generic  Non-Medicare: 90-day supply, \$7.99  NALCPreferred generic  Non-Medicare: 90-day supply, \$15 generic/\$90 Formulary brand/\$125 Non-formulary brand  (Lower generic cost for hypertension, asthma, and diabetes)</p> <p>Medicare: 60-day supply, \$7 generic/\$50 Formulary brand/\$75 Non-formulary brand  Medicare: 90-day supply, \$4 NALCSelect generic  Medicare: 90-day supply, \$4 NALCPreferred generic  Medicare: 90-day supply, \$10 generic/\$75 Formulary brand/\$110 Non-formulary brand  (Lower generic cost for hypertension, asthma, and diabetes)</p> <p>Non-Medicare/Medicare: 30-day supply, \$200 specialty drug  Non-Medicare/Medicare: 60-day supply, \$300 specialty drug  Non-Medicare/Medicare: 90-day supply, \$400 specialty drug</p>	80
